His Majesty the KING has been graciously pleased to approve of the appointments of the undermentioned officers to be Companions of the Distinguished Service Order in recognition of their gallantry and devotion to duty in the field :—

\*Lt.-Col. and Bt. Col. Orlando George Gunning, C.M.G., Ind. Army.

For conspicuous coolness and gallant leadership. He led his battalion through heavy enfilade rifle and machine gun fire, and continued to command although twice wounded. By his example he retained the cohesion of his regiment and kept up their fighting spirit under very adverse circumstances.

The names marked with an asterisk appeared in the London Gazette dated 17th March 1917, without deeds.

His Majesty the KING has been graciously pleased to confer the Military Cross on the undermentioned officers and warrant officers, in recognition of their gallantry and devotion to duty in the field :—

\*Lt. Dudley Clare Robinson, Ind. Army.

For conspicuous gallantry and devotion to duty. He left his company to organise the assaulting line, and then returned and led his own men to the assault. Later, he went to the second line to get touch with the regiment on his right, and again returned to bring his own men on. He set a splendid example throughout the day.

\*Subadar Sarajit Gurung Bahadur, I.O.M., Gurkha Rif.

For conspicuous gallantry and devotion to duty. He took command of his company and by his fine personal example inspired his men at a critical time. He himself killed two of the enemy. He has previously done fine work.

The names marked with an asterisk appeared in the London Gazette dated 17th March, 1917, without deeds.

His Majesty the KING has been graciously pleased to approve of the undermentioned rewards for distinguished service in the field :—

GOVERNMENT OF INDIA

LEGISLATIVE DEPARTMENT.

In pursuance of the motion adopted by the Indian Legislative Council at the meeting held on the 20th March, 1917, the report of the Select Committee on the Bill to establish and incorporate a University at Patna, together with the Bill as amended by the Select Committee, is hereby published for information :—

We, the undersigned, Members of the Select Committee to which the Bill to establish and

Paper No. I.—From the Hon'ble Mr. J. P. Thompson, I.C.S., Chief Secretary to the Government of the Punjab, dated the 27th December 1916, and enclosures; from G. A. Thomas, Esq., Secretary to the Government of Bombay, dated the 6th January 1917, and enclosures; from ditto ditto, dated 17th January 1917.

Paper No. II.—From the Hon'ble Mr. H. McPherson, I.C.S., Chief Secretary to the Government of Bihar and Orissa, dated the 2nd January 1917 and enclosures, from ditto ditto, dated the 11th January 1917, and enclosure.

Paper No. III.—From L. S. S. O'Malley, Esq., I.C.S., Secretary to the Government of Bengal, dated the 16th February 1917, and enclosures.

incorporate a University at Patna was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report.

2. The revised Bill annexed to this report is the result of lengthy deliberations by which alone we are enabled to submit a unanimous report. We now proceed to outline briefly the main changes of substance we have made in the Bill which was referred to us by the Council.

3. Notwithstanding that there is a considerable body of opinion opposed to this course we have, after considering and giving great weight to the views of those of our colleagues who come from Bihar, included the Diamond Jubilee College, Moughyr, among the external colleges named in the Bill.

4. We have modified the powers of the Chancellor, by the substitution for the provision in the original Bill of a provision based on section 6 (2) of the Benares Hindu University Act, 1915, which we think will confer all necessary powers in regard to the matters with which it deals.

5. We have reduced the term of the Chancellor's appointment from five to three years, as we think it undesirable that he should be appointed in the first instance for so long a period as five years. We also think it desirable that his power of appointing officers and servants should be limited to posts carrying a salary of less than Rs. 200 per month, and that his powers in certain other respects should be modified.

6. We have transposed the provisions dealing with the Senate and the Syndicate, placing those dealing with the Senate first, as we think that arrangement is more suitable having regard to the position which those bodies hold respectively in the University scheme.

7. We have raised the number of ordinary Fellows of the Senate from a minimum of 40 and a maximum of 60 to a minimum of 60 and a maximum of 80. We have provided that the Vice-Chancellor shall be an *ex-officio* member of the Senate and the Principal of every college in which instruction is given to a degree standard shall also be an *ex-officio* member of that body. We have provided for an elected body of fifty ordinary Fellows in the place of the twelve provided by the original Bill. There will thus be a substantial majority of elected Fellows on the Senate as proposed by us. Of these, twenty will be elected by the teaching staffs of the colleges, five will be elected by the graduate teachers of schools in which instruction is given to a standard to be prescribed by the Regulations, and fifteen will be elected by a special electorate of graduates. The remaining ten will be elected by such associations or public bodies as the Chancellor may empower in that behalf. We further lay down in the Bill as revised by us that the Regulations shall provide for the adequate representation on the Senate of all Faculties of the University and of persons permanently resident in the Orissa Division.

8. We have declared generally that the Senate is to have entire management and superintendence over the affairs of the University and that it shall exercise all the powers of the University not otherwise provided for. We have indicated in some detail certain powers which we consider should reside in the Senate, and on the other hand we have specified matters in which the Syndicate will have power to act independently subject to review by the Senate on a reference made by not less than six members of the Syndicate jointly. We have had great difficulty in arriving at a satisfactory conclusion as to the distribution of power between these two authorities in view of the considerable difference of opinion among the individual members of the Committee on this point, but we think that the provision in the Bill as revised by us is a reasonable compromise.

9. We have fixed the term of office of the first Syndicate at two years as we think this is sufficient, having regard to the manner in which the first Syndicate will be appointed. We have added the Principal of the Ravenshaw College to the *ex-officio* members and have provided that all ordinary members of the body shall be elected by the Senate from among its members. As to the constitution of ensuing Syndicates, we have made it a statutory requirement that this body shall contain at least one person permanently resident in the Orissa Division, not less than seven members of the University staff or the teaching staffs of the colleges, and not less than three other persons who are not following the profession of education. It will be observed that the general control of the University affairs has been transferred from the Syndicate to the Senate in deference to the wishes of those members of the Committee who pressed for this change.

10. We have required the concurrence of the Senate and the Local Government to the admission of educational institutions as colleges. As regards external colleges, teaching to a degree standard, we have provided that the condition as to location in the four particular towns may be dispensed with in any particular case by the direction of the Governor General in Council.

11. Similarly for the deprivation of a college of any of its privileges we have required the concurrent decision of the Senate and the Local Government.

12. As regards clause 11 which enacts that on the commencement of the Act existing privileges granted by other Universities shall be terminated, we have provided that the privileges so terminated shall be deemed to have been granted by the Patna University. We think such a provision is eminently desirable as some provision should be made for the educational institutions whose privileges have been taken away, and to cast on them the onus of applying in the first instance for admission would be to our minds unreasonable.

13. We have altered clause 13 so as to require publication of the accounts of the University in the local official Gazette. We think that publicity of this nature is desirable.

14. We have recast clause 14 which deals with the Regulations, separating those Regulations which under the Bill as revised by us *must* be made and those which *may* be made, and we have naturally had to make many consequential alterations in this clause to meet the changes of substance in the Bill which have been agreed to by us. We have further

recast the sub-clauses of this section which deal with the manner in which the first Regulations should be made. We need not enter into a detailed account of the changes as they are perfectly clear from the revised Bill.

15. We do not think it necessary to allude in detail to the various drafting changes which we have made in the hope of improving the Bill.

16. The Bill as revised by us is substantially changed from the Bill which was referred to us, and we therefore recommend that it be republished.

17. Our colleagues, Messrs. Basu and Sastri, desire that we should insert in our report a statement that they wish to be recognised that the Bill as revised contains certain provisions, more particularly as to the relations between the Senate and the Syndicate which, though accepted by them for the Patna University, embody principles which they do not consider applicable to Universities in India generally.

18. The publication ordered by the Council has been made as follows :—

- (iii) the Chief Justice of the High Court of Judicature at Patna;
- (iv) the Bishop of Calcutta and Nagpur;
- (v) the Director of Public Instruction in Bihar and Orissa; and
- (vi) the Principals of all colleges in which instruction to a degree standard is given.

The ordinary Fellows of the first Senate shall be the persons specified in the First Schedule, and shall hold office for such period as may be prescribed by the Regulations.

(2) Upon the expiration of the period of office of the first Senate, the next and every succeeding Senate shall include, in addition to the *ex-officio* Fellows hereinbefore referred to—

(i) Fifty Ordinary Fellows to be elected in such manner as may be prescribed by the Regulations, of whom:—

- (a) Twenty shall be elected by the teaching staffs of the colleges;
- (b) Five shall be elected by the graduate teachers of schools in which instruction to a standard to be prescribed by the Regulations is given;
- (c) Fifteen shall be elected by registered graduates other than any who may be included for the time being in the electorates referred to in sub-heads (a) and (b); and
- (d) Ten shall be elected by such associations or public bodies as the Chancellor may from time to time empower in this behalf, of whom such number shall be elected by each such association or body as the Chancellor may from time to time direct:

Provided that all such elections shall be made subject to such conditions as to the representation on the Senate of all the Faculties of the University and of persons permanently resident in the Orissa Division as shall be prescribed by the Regulations;

(ii) Not less than ten and not more than twenty-five Ordinary Fellows to be nominated by the Chancellor subject to the Regulations.

(4) Subject to the provisions of this Act and the Regulations, the Senate shall have the entire management of, and superintendence over, the affairs, concerns and property of the University, and shall exercise all the powers of the University not otherwise provided for.

In particular, and without prejudice to the generality of the foregoing power,

(i) it shall determine—

(a) what degrees and diplomas shall be conferred by the University;

(b) the courses of study and the duration thereof;

(c) the time in a student's career at which such courses shall be taken;

(d) what subjects or groups of subjects shall be regarded as qualifying for each degree;

(e) whether any new subject of instruction shall be included in the curriculum of the University or of any of its colleges, or whether any subject previously taught shall be omitted therefrom;

(f) whether the standard to which instruction is given in any subject shall be raised or lowered; and

(ii) it shall pass the Budget.

(5) Save on a reference made to it by not less than six members of the Syndicate jointly, the Senate shall not have power to review any act of the Syndicate duly done in the exercise of its powers under this Act or the Regulations in respect of any of the following matters:—

(a) the appointment of members of the Faculties and Boards of Studies, the determination of the procedure of such Faculties or Boards and of the quorum of members required for the transaction of business;

(b) the appointment and remuneration of examiners and the determination of their duties and powers;

(c) the award of scholarships and prizes;

(d) the arrangements made for teaching during each session, including the University time-table of courses of instruction and of inter-collegiate lectures and classes;

(e) the prescription of text-books for the courses of study; and

(f) the general disciplinary control over the students of the University.

8. (1) The Syndicate shall consist of fourteen ordinary members in addition to the following *ex-officio* members, namely:—

(i) the Vice-Chancellor,

(ii) the Director of Public Instruction in Bihar and Orissa,

(iii) the Principal of the Patna College, and

(iv) the Principal of the Ravenshaw College, Cuttack.

(2) The ordinary members of the first Syndicate shall be the persons specified in the Second Schedule, and shall hold office for two years.

(3) Upon the expiration of a period of office of the ordinary members of the Syndicate, the ordinary members of the next and every succeeding Syndicate shall be elected by the Senate from amongst its members in such manner as may be prescribed by the Regulations, but so as to include—

- (a) at least one person permanently resident in the Orissa Division;
- (b) not less than seven members of the University staff, or of the teaching staffs of the colleges;
- (c) not less than three other persons who are not following the profession of education.

(4) In addition to the matters referred to in section 7 (5), the Syndicate shall determine, subject to the provisions of Section 7 (4) and the Regulations, the standard of proficiency to be required for ordinary degrees, shall control the courses of study, the examinations and all matters of education in the colleges of the University, and shall be responsible for the supervision and inspection of such matters in the external colleges.

9. (1) No educational institution shall be admitted as a college unless the following conditions are complied with, namely:—

- (a) the admission of the institution to such privileges has, on application made, and after the Syndicate has recorded its opinion on such application, been approved by the Senate and the Local Government; and
- (b) all provisions of the Regulations relating to the admission of educational institutions to such privileges have been substantially complied with.

(2) No educational institution shall be admitted as a college of the University, unless the following conditions are complied with, namely:

- (a) the buildings of the institution are situate within the area which has been, or may hereafter be, acquired for the purposes of the University;
- (b) all provisions of the Regulations relating to the admission of educational institutions as colleges of the University have been substantially complied with.

(3) No educational institution shall be admitted as an external college, unless the following conditions are complied with, namely:—

- (a) in the case of an educational institution teaching to a degree standard, the buildings of the institution are situate in one of the following towns, namely:—Muzaffarpur, Bhagalpur, Cuttack, or Hazaribagh;

Provided that this condition may be dispensed with in any particular case if the Governor General in Council so directs

- (b) all provisions of the Regulations relating to the admission of educational institutions as external colleges have been substantially complied with.

10. (1) Any member of the Syndicate may bring forward a proposal that a college be deprived either in whole or in part, of its privileges.

Exclusion of a college from the privileges of the University.

(2) The Syndicate shall, after affording the governing body of the college all reasonable facilities for stating its objections to the proposal, consider the proposal and transmit a copy of its proceedings, including a copy of any representation which may be made by such governing body thereon, to the Senate.

(3) The Senate shall consider the proposal and shall, if it approves the same either with or without modifications, transmit a copy of the proceedings of the Syndicate and of its own proceedings to the Local Government.

(4) The Local Government, after such further inquiry, if any, as may appear to be necessary shall, in so far as it agrees with the decision of the Senate, express its concurrence thereon, and thereupon, the college shall be deprived of such privileges as the decision of the Senate and the Local Government (which shall be communicated to the Senate) may specify.

11. Notwithstanding anything in any other law for the time being in force,

no University in British India other than the Patna University shall, after the commencement of this Act, admit any educational institution in the province of Bihar and Orissa to any privileges whatever, and any such privileges granted by any such other University to any educational institution in that province prior to the commencement of this Act, shall be deemed to be withdrawn on the commencement of this Act:

Provided that any educational institution which, in accordance with the provisions of this section, has been deprived of any such privileges shall, notwithstanding the provisions of section 9, be deemed to have been granted the like privileges by the Patna University.

12. The members of the University staff shall be appointed by the Chancellor after considering the recommendations of the Syndicate and the Senate:

Provided that, in the case of a person paid from the funds of the University whose term of appointment does not extend beyond a total period of six months, the appointment shall rest with the Syndicate subject to the sanction of the Chancellor.

13. The accounts of the University shall, once at least in every year, and at intervals of not more than fifteen months, be audited by auditors appointed by the Local Government, and a copy of the accounts, together with the auditors' report, shall be published in the local official Gazette.

14. (1) Subject to the provisions of this Act, the Regulations—

- (i) shall provide for the following matters:—
  - (a) the election and all matters connected therewith of Ordinary Fellows or

members of the Senate and Syndicate, and so as to include provisions for the adequate representation of all the Faculties of the University among the Fellows to be elected by the teaching staffs of the colleges;

- (b) the inclusion of persons permanently resident in the Orissa division among the nominated and elected Fellows of the Senate;
  - (c) the duration of the term of office of the ordinary Fellows and members of the Senate and Syndicate;
  - (d) the maintenance for the purpose of constituting the electorate referred to in section 7 (3) (i) (c) of a register of graduates including, for such period as may be thereby prescribed, graduates of any other University who are ordinarily resident in Bihar and Orissa, and the conditions subject to which entries may be made therein; and
  - (e) the procedure to be followed at meetings of the Senate and Syndicate and the quorum of Fellows or members required to be present for the transaction of business; and
- (ii) may provide for all or any of the following matters:—
- (a) the constitution, powers and duties of the Faculties, Boards of Studies, or such other authorities or bodies, as it may be deemed necessary, from time to time, to appoint;
  - (b) the conditions of appointment and the powers and duties of the Registrar, Professors and other officers of the University, whether being members of the University staff or not;
  - (c) the constitution and functions of the governing bodies of the colleges;
  - (d) the admission of educational institutions as colleges, and the withdrawal of privileges from colleges so admitted;
  - (e) the admission of students to the University and their examination;
  - (f) the residential arrangements for students of the University;
  - (g) the mode of appointment and duties of examiners;
  - (h) the conferment and withdrawal by the University of degrees, diplomas, certificates and other academic distinctions;
  - (i) the general discipline and control of the University and of the colleges of the University;
  - (j) the accounts to be kept and the use to be made of the funds of the University; and

(k) generally for carrying out the provisions of this Act.

(2) The first Regulations shall be drafted by the Vice-Chancellor, who shall submit the draft to the Senate for consideration. The Senate shall consider the draft and submit the same, with such additions and alterations as it considers necessary, to the Local Government. The Local Government shall, if it accepts the draft as settled by the Senate, sanction the same. If it considers that any additions to, or alterations in, the draft are necessary, it shall submit the draft with its proposals for the orders of the Governor General in Council, and the first Regulations shall be the draft with such alterations or additions as he may sanction.

(3) If the Senate does not submit to the Local Government the draft of the Regulations within two months from the date on which it was first laid before that authority by the Vice-Chancellor, the Local Government may make the first Regulations, which when sanctioned by the Governor General in Council shall have the same force as if they had been sanctioned under sub-section (2).

(4) The Senate may, from time to time, make new or additional Regulations, or may amend or repeal the Regulations.

(5) The Syndicate may from time to time lay before the Senate any proposals for new Regulations or for the amendment or repeal of any of the existing Regulations, and it shall be the duty of the Senate duly to consider all such proposals.

(6) All new Regulations, or additions to the Regulations, or amendments to, or repeals of, the Regulations, shall require the previous sanction of the Local Government, which may sanction, disallow, or remit the same for further consideration.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,  
30th June 1917.

**Burma.**—The rainfall in Lower Burma was ample but it was light in the dry zone of Upper Burma. Ploughing is general in Lower Burma and dry crops are being sown in Upper Burma. The agricultural outlook is good everywhere. Cattle are generally healthy. The price of paddy has fallen to Rs. 100 per hundred baskets. The market for white rice is quiet.

**Assam.**—The weather is seasonable and favourable. Harvesting of autumn rice continues with fair outturn and that of jute has commenced. Ploughing for and sowing and transplantation of winter rice seedlings, manufacture of tea and harvesting of Khasi potatoes are in progress. Prospects of standing crops are generally fair to good. Cattle disease is reported from seven districts. The price of common rice is practically stationary.

**Bengal.**—During the week light to moderate rain fell all over the Province facilitating the transplantation of winter rice. The *til* crop is being harvested and the outturn is reported to be fair. Prospects of jute and paddy so far are good. Standing crops continue to be affected by floods in parts of Midnapore and by insect pests in parts of Jessore. Fodder is reported to be scarce in the 24 Parganas, Hooghly and Dacca. Cattle disease exists in eight districts. The average price of common rice shows a slight tendency to rise.

**Bihar and Orissa.**—The rainfall during the week was general over the Province, the fall being, on the whole moderate. Sowing of autumn crops and of winter rice continues. Transplantation of winter rice has commenced in some districts. Standing crops are doing well. The price of common rice has risen in three districts, fallen in four and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from seven districts. The number of persons on test works in Puri was 336. The condition of standing crops in the Feudatory States of Orissa is good.

*The weekly report on scarcity in Singhbhum is as follows:—*In the Kolhan Government Estate the distress was moderate. Relief measures are sufficient. Public health is good and the physical condition of workers is satisfactory. The average price was 8½ seers per rupee. The number of persons on test works was 1,201.

**United Provinces.**—Light rain fell in the western sub-montane, upper and central Doab but the tract from Meerut to Agra requires more rain. Locusts appeared in Mainpuri but no damage is reported. Grasshoppers are spreading in parts of Ballia. The condition of standing crops is on the whole good. Sugarcane is in excellent condition. Sowing of autumn crops is in progress. The condition of agricultural stock is satisfactory although cattle disease shows some increase. Supplies and fodder are adequate. Prices are still rising.

**Punjab.**—Light or moderate rain has fallen in all the reporting districts. The fall was fairly heavy in parts of a few districts. It was useful for standing crops and for autumn sowings. Sowings of cotton, fodder and other autumn crops continue and are generally normal. Standing extra spring and autumn crops are generally in good condition. Harvesting of extra spring crops is in progress. The yield is generally normal. Cattle are healthy and fodder and water for drinking and irrigation purposes are sufficient. Stocks of food grains are sufficient. Prices are generally stationary and range between normal and warning rates. Price of wheat:—Rawalpindi 9½, Lahore 9½, Ferozepore 10, Ambala 10½ and Lyallpur 10½ seers per rupee.

**North-West Frontier Province.**—During the week slight rain fell throughout the Province. The weather is hot. The condition of standing crops in the north of the Province is average on irrigated and below average on unirrigated areas but in the south it is average on both. Spring crops are being threshed with outturn average. Sowing of autumn crops continues. The condition of cattle is, on the whole, good. Water and fodder are sufficient. The Lahore canal is running. The public health is good. Prices are stationary. The price of wheat in Peshawar was 9½ and in Dera Ismail Khan 10 seers per rupee.

**Jammu.**—Slight rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 13 and maize from 11 to 25 seers per rupee. The condition of standing crops is average. There is no cattle disease. Fodder is sufficient except in a few places.

• **Kashmir.**—The rainfall during the week was good. Standing crops are in fair condition. Cattle are generally healthy. Water is inadequate in Muzaffarabad and sufficient elsewhere. Fodder is sufficient. Prices are normal.

**Rajputana.**—The rainfall during the week was plentiful except in Jaisalmer, Sirohi, Jaipur, Kishengarh, Dholpur and Alwar. The maximum fall was 3 inches 96 cents in Bundi. The weather is cloudy and seasonable. Preparation of lands for autumn crops and their sowings continue. Agricultural stock is healthy. Water and fodder are ample. Prices are generally stationary.

• **Central India.**—The rainfall during the week was general. The principal falls were over 4 inches in Kannod and Garot, over 3 inches in Khargon, over 2 inches in Indore City, Mehidpur, Barwani and Manpur and over 1 inch in Bundelkhand, Dhar and Alirajpur. The rainfall was insufficient in Gwalior except the Malwa Prant of the Bhopal Agency and partial in Bundelkhand. Sowing of autumn crops has commenced everywhere except in some portions of Gwalior and Bundelkhand. Agricultural stock is generally in good condition. The fodder supply is sufficient. Prices are high in Bhopal and steady elsewhere.

• **Central Provinces.**—During the week moderate to heavy rain was received all over the Provinces, ranging from 2 inches in Akola to 9½ inches in Chanda. Sowings are in progress. Germination is reported to be satisfactory in Chhattisgarh. The supply of fodder is adequate and cattle are in good condition. The price of wheat continues to show a tendency to rise.

**Peudatory States.**—The rainfall has been general. Sowings are being pushed on vigorously.

**Bombay.**—The rainfall during the week was general throughout the Presidency Proper but insufficient in parts of Kathiawar, the Karnatak and the Deccan. No rain was received in Sind except Thar and Parkar. Lands are being prepared for autumn cultivation in parts and sowing generally continues. Seedlings are thriving except for slight damage by grasshoppers in north Kathiawar. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Sind and the Panch Mahals. Prices of food grains are generally steady.

**Hyderabad.**—The rainfall during the week was good in Warangal and Adilabad districts and fair to good elsewhere. The average fall was 1 inch 53 cents. The highest fall was 6 inches 26 cents in Yellandu. Sowings of autumn crops are in general progress except in parts of the Gulbarga and Raichur districts which are awaiting more rain. Lands for early rice are being prepared. Cattle disease prevails in eight talukas. Prices of grains:—Wheat 7, coarse rice 6½ and *juar* 10½ seers per rupee. The highest price of *juar* in districts is 7½ seers per rupee in Nander and Warangal and the lowest 18 seers per rupee in Bir.

**Mysore.**—The rainfall during the week was good in Hassan, Kadir and Shimoga and light to fair elsewhere. Prices of food grains are generally steady. Markets are well supplied. Sowing of paddy and *ragi* is in progress. Standing crops are in good condition. Prospects of the season are good. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Rainfall 17 inches 12 cents. Ploughing for and sowing of rice continue. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was very heavy in Malabar, South Kanara and Cochin, heavy in Ganjam, Godavari and Travancore, good in Vizagapatnam, Kistna, Guntur, South Arcot, Pudukottai and the Nilgiris and fair to *nil* elsewhere. Standing crops are in fair to good condition generally but rain is required in parts of one district. Harvesting of paddy, sugarcane and dry crops is proceeding normally with autumn fair to normal generally. Sowings of paddy, sugarcane and dry crops are proceeding normally. The condition of cattle is generally good. The water supply is insufficient in parts of South Arcot, South Decan except Kurnool and Central except Coimbatore and sufficient elsewhere. Pasture is insufficient in four districts and in parts of four others. Fodder is generally available. Prices are steady.

### NOTICES.

#### THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary

Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

Delhi, the 3rd July 1917.

**No. 6088-Education.**—In supersession of bye-laws sanctioned by the Chief Commissioner's Notification No. 261-Education, dated the 13th January 1915, the following revised bye-laws regarding the supervision and regulations of stand-posts and rules regarding water supply to private houses, within the Municipal limits of Delhi issued under Sections 97, 188 (c) and 199 of the Punjab Municipal Act of 1911, are approved by the Chief Commissioner of Delhi Province, and are hereby published for general information.

The bye-laws will come into force six weeks after the date of publication of the Notification.

## PART I.

## PUBLIC SUPPLY.

1. Whoever bathes, or washes clothes or other articles at a public stand-post, or tampers with or damages a public stand-post, or draws or attempts to draw water from a public stand-post except by the proper method, or wilfully wastes or suffers to run to waste water from a public stand-post, shall on conviction by a Magistrate be liable to fine which may extend to Rs. 50.

2. Whoever wishes to draw water from a public stand-post for building purposes shall first obtain the written permission of the Secretary of the Municipal Committee, and shall pay for the water so drawn according to the value of the work for which it is utilized. When the value of the work does not exceed:—

Rs. 1,000	the charge shall be	Rs. 10
" 1,500	"	" 14
" 2,000	"	" 17
" 2,500	"	" 20
" 3,000	"	" 24
" 3,500	"	" 27
" 4,000	"	" 31
" 4,500	"	" 34
" 5,000	"	" 38

When the value of the work exceeds Rs. 5,000 the charge shall be Rs. 38 for the first Rs. 5,000 plus  $\frac{1}{4}$  per cent. on the balance.

3. Whoever without the written permission of the Secretary of the Municipal Committee draws from or uses water from a public stand-post for other than domestic\* purposes, shall on conviction by a Magistrate be liable to fine which may extend to Rs. 50, and in addition shall be liable for the amount for which he would have been liable had he obtained permission for such use of water from a public stand-post.

\* *Vide* Section 92 (2) of Punjab Municipal Act, III of 1911 :—

"A supply of water for domestic purposes shall not be deemed to include a supply :—

- (a) for animals or for washing vehicles when such animals or vehicles are kept for sale or hire,
- (b) for any trade, manufacture, or business,
- (c) for fountains, swimming baths or for any ornamental or mechanical purpose,
- (d) for gardens or for purposes of irrigation,
- (e) for watering roads or paths,
- (f) for building purposes."

## Part II.

### PRIVATE SUPPLY.

#### *Making alteration or extension of private connections.*

1. No connection with the Municipal mains for a private water supply, and no alteration or extension of any such existing connection shall be made in any private premises except on the application of the owner of such premises or of his recognised agent, who shall be registered as the consumer and shall be responsible for the observance of the bye-laws so far as the connections on his property are concerned :

Provided that the Municipal Committee may, if it think fit, itself alter the position of any existing connection.

2. Every application for a connection with the Municipal mains for a private water supply, or for the alteration or extension of any such existing connection shall be addressed to the Secretary of the Municipal Committee, and shall be made on a printed form to be obtained free of charge from the Tax Superintendent (Appendix I, Form A), and shall be accompanied by an estimate fee of Re. 1, on receipt of which an estimate shall be prepared. This fee shall be returned to the applicant if for any reason other than the fault of the applicant no estimate is framed.

3. If on receipt of the estimate the applicant wishes to have the connection, alteration, or extension carried out, he shall deposit at the Secretary's office the amount of the estimate together with one quarter's dues in advance. The Municipal Engineer shall then cause the work to be executed in accordance with the Water Supply Regulations sanctioned by the Committee. (Appendix II).

#### *Metered connections.*

4. (i) All connections over  $\frac{3}{4}$ -inch and all connections in houses to which gardens are attached shall be metered.

(ii) The Municipal Committee may also require to be metered any connection where it considers the consumption of water is or is likely to be excessive, or when it suspects that water is wasted.

"(iii) The Municipal Committee may for reasons to be recorded allow a consumer, whose connection, ought to be metered according to these bye-laws, to pay at a fixed rate instead of paying ferrule rate, meter rent and charges for excess consumption, and may at any time revoke such permission."

5. (i) For metered connections the meter shall ordinarily be supplied by the Municipal Committee. A consumer may however be permitted to have his own meter subject to the following conditions :—

(a) the meter must be of a type approved by the Municipal Committee and in proper working order :

(b) it shall be fixed by the Water Works Superintendent at the expense of the consumer.

(ii) No meter whether owned by the Committee or by a consumer shall be tampered with in any way.

6. The charges for water supply through metered connections shall be as follows :—

#### *Size of ferrule.*

$\frac{1}{4}$  in. a water rate of 8 annas p. m. for any amount p. m. upto 2,000 gallons and 6 annas for every 1,000 galls. in excess.

$\frac{3}{4}$ in.	"	"	1 rupee	"	"	"	"	4,000	"	"	"
$\frac{1}{2}$ in.	"	"	2 rupees	"	"	"	"	8,000	"	"	"
$\frac{3}{4}$ in.	"	"	5 "	"	"	"	"	20,000	"	"	"
1 in.	"	"	8 "	"	"	"	"	30,000	"	"	"

Over one inch, on special terms which will be fixed by the Municipal Committee in each case.

NOTE.—500 gallons and above will charged for as 1,000 gallons.

7. In addition to the charges specified in rule 6 there shall be charged :—

(i) in the case of meters owned by the Municipal Committee, a meter rent on the following scale :—

Size of ferrule.	Monthly rent.
$\frac{1}{4}$ inch	Rs. 1
$\frac{1}{2}$ inch	„ 1
$\frac{3}{4}$ inch	„ 1
1 inch	Rs. 1-4-0
1 inch	„ 1-12-0
1 inch to 2 inches	„ 2-8-0
Over 2 inches	At the rate of Rs. 1 for every inch or fraction of an inch.

These charges shall include also the cost of all alterations, repairs and renewals.

(ii) in the case of privately owned meters, a supervision charge on the following scale :—

Size of ferrule	Monthly charge.
Not exceeding $\frac{1}{2}$ in.	As. 8.
Not exceeding 1 in.	Rs. 1
Over 1 in.	Rs. 1 plus 8 annas for every inch after the first.

This charge shall include the cost of all ordinary repairs, but not of renewals.

8. (1) The registered consumer in respect of any metered connection may challenge the correctness of his meter on payment of a fee of Rs. 3. If on examination the meter is found to record 2 per cent or more in excess of the actual consumption, the fee shall be returned.

(2) "The charges for meter rent shall be paid for any period during which the connection remains open even if the meter fails correctly to record the amount of water consumed"

#### *Unmetered connections.*

9. The charges for water supplied through unmetered connections for purely domestic purposes shall be as follows :—

Size of ferrule.	Monthly charge.
$\frac{1}{2}$ in. a water rate of Rs. 1-4-0.	
$\frac{3}{4}$ in. a water rate of „ 2-8-0.	

An additional charge of 2 annas per mensem shall also be made for every extra tap after the first three.

10. The registered consumer in respect of an unmetered private connection, after first obtaining permission from the Secretary of the Municipal Committee, may draw water from his connection for building purposes on payment of the charges detailed in Part I, rule 2 for the use of water for building purposes drawn from a public stand post

11. No fountain or cistern shall be connected with any unmetered connection except with the written permission of the Municipal Committee.

#### *Calculation and payment of charges*

12. For the purpose of calculating the charges detailed in rules 6, 7 and 9, fifteen days or less shall be considered as half a month, and over 15 days but less than one month as one month.

13. "(i) (a) in the case of *unmetered* connections all *fixed* charges due shall be paid annually in advance for the calendar year, in one single instalment on the first day of July in each year.

(b) In the case of *metered* connections all *fixed* charges shall be paid monthly in advance, unless the Secretary by an order in writing shall direct that payment shall be made quarterly in advance in which case the fixed charges shall so be paid."

(c) "All *other* charges shall be paid within seven days of the presentation of the demand.

(ii) In the case of an unmetered connection, if the connection is not open at the beginning of the calendar year no bill shall be sent to the owner of the premises. If the connection is opened after the beginning of the calendar year the owner of the premises shall pay the full dues for the remaining portion of the calendar year in advance.

If the connection is closed before the end of the calendar year the owner of the premises shall be entitled to receive a refund of the amount paid for the remaining months and half months of the calendar year according to the provisions of these bye-laws and payment of the amount to be refunded shall be made as soon as the report is received that the connection has been closed."

(iii) The registered consumer for any connection shall be bound to pay all charges made under these bye-laws; but if in the course of any month a meter shall have been examined and found to be registering in excess, the consumer shall be entitled to have the charge made to him for excess consumption reduced proportionately for the period from the first day of that month to the date on which the meter was examined.

(iv) If in any month the meter of any connection cease to register, the committee shall be entitled to charge for that month at the discretion of the Secretary of the Municipal Committee an amount for excess consumption (an amount not exceeding the average of the past three months of full usage).

#### *Free connections.*

14. Notwithstanding the provisions of rules 6, 7, 9 and 10, the Municipal Committee may allow any water connection free for any public or charitable purposes, provided that if the person who is the registered consumer in respect of such free connection allows water to be wasted or to be used for any purpose other than that for which such free connection was granted, the Municipal Committee may cancel the grant of that free connection.

#### *General provisions as to private connections.*

15. No house shall be supplied with water from the service connection of any adjoining house or premises, provided that a connection of over  $\frac{1}{4}$  inch may be used by more than one house on application to the Municipal Committee on terms to be fixed by the Municipal Committee.

16. No connection shall be granted unless drainage arrangements have been made for the disposal of waste water to the satisfaction of the Sanitary and Engineering authorities of the Municipality.

17. No portion of any private connection or of the pipe or main leading to it shall be tampered with in any way whatever, whether for the purpose of repair, alteration, or any other purpose.

18. Every registered consumer shall be bound, immediately he has knowledge of it, to report to the Secretary of the Municipal Committee any defect in his connection whereby water runs to waste.

#### *Of the closing and re-opening of private connections.*

19. Any registered consumer who wishes to close his connection shall give fifteen days' notice in writing to the Secretary of the Municipal Committee, after the expiry of which water rate shall not be charged.

20. "(i) In the case of unmetered connections no person shall in future be registered as the registered consumer unless he is the owner of or the duly authorised agent of the owner of the premises in which the connection is fitted and pays the House Tax assessed by the committee for those premises.

(ii) In the case of metered connections, if any person other than the owner or the duly authorised agent of the owner of the premises in which a connection has been fitted wishes to have re-opened or kept open a connection which would otherwise be closed, he shall execute an agreement undertaking the responsibilities of a registered consumer and he shall have all the liabilities of registered consumer. All such persons, unless the Secretary thinks fit to exempt them by an order in writing, shall deposit a sum of Rs. 20 as security for the cost of excess consumption in addition to the ordinary charges which are payable in advance. This security shall be kept intact and shall not be set off against any monies due from such registered consumer until he shall have applied to have the connection closed, when it shall either be returned to him after the payment by him of all charges assessed under these bye-laws or after efforts to collect such charges by the committee have failed, used by the Committee to liquidate the payment of such charges and the cost of their collection."

21. All applications to re-open a connection shall be accompanied by a fee of Re. 1 together with all dues for one quarter in advance.

22. (g) Any connection may be cut off by order of the Municipal Committee or of any officer of the Committee duly authorized in this behalf in the following cases in addition to those provided for by Section 101 of Act III of 1911 \* :—

- (a) for any breach of rules 5 (ii), 10, 11, 13, 17 ;
- (b) in any case where through defect in a connection water is running to waste.
- (c) in any case where the use of a water tap causes premises to become insanitary in the opinion of a Sanitary official of the Municipality not below the rank of Circle Inspector ;
- (d) in any case where in the opinion of the Engineering or Sanitary authorities of the Committee adequate drainage arrangements have not been made for the disposal of waste water ;
- (e) in the case of a metered connection where the meter requires repair.

Sections 100 and 101 of Act III of 1911 :—

Section 100—Any owner or occupier of any building or land, in or on which water supplied under this Act is misused from negligence or other circumstances under his control, or used without permission in excess of the quantity fixed under Section 79 or Section 98, or in which the pipes, mains or other works are out of repair to such an extent as to cause waste of water, shall, if he has knowledge thereof, be bound to give notice of the same to such officer as the Committee may appoint in this behalf.

Section 101—If any person whose premises are supplied with water neglects to pay the water-tax, or any sum payable under Section 97 or Section 98 when due, or to give notice as provided in the last preceding section, or wilfully or negligently misuses or causes waste of water, the Committee may cut off the supply of water from the said premises.

(ii) In any case where a connection has been cut off under Section 101 of Act III of 1911 or in accordance with rule 22 (i) (a), the Municipal Committee may impose a penalty of exceeding Rs. 50 which shall be paid before the connection is re-opened.

23. Any person who—

- (a) wilfully allows water to be wasted from a private connection, or
- (b) without the permission of the Municipal Committee opens a connection which has been closed under these rules, or
- (c) is guilty of a breach of rules 5 (ii), 17, or 18 shall on conviction by a Magistrate be liable to the fines and punishments authorized by Sections 199 (1) and (2) of Act III of 1911.

FORM A.

DELHI MUNICIPAL WATER SUPPLY.

To

THE SECRETARY,  
MUNICIPAL COMMITTEE,  
DELHI.

SIR,

Will you please put before the Committee my application for a private water supply from the Municipal mains. The premises where the connection is needed are described below and belong to me. I undertake to conform to the Municipal Water Supply Bye-laws, and enclose herewith an estimate fee of Re. 1.

I am,  
Yours faithfully,

Ward No. \_\_\_\_\_ Street, Mohalla, etc. \_\_\_\_\_

Description of property \_\_\_\_\_

House owner's name, Father's name, Caste, etc. \_\_\_\_\_

Size of ferrule required \_\_\_\_\_ No. of taps required \_\_\_\_\_

Other particulars \_\_\_\_\_

N.B.—This form may be obtained free from the Tax Superintendent's Office.

## APPENDIX II.

## WATER SUPPLY REGULATIONS.

1. All work connected with the making, alteration, extension, or repair of private connections shall be carried out under the supervision of the Municipal Engineer by the person or persons whom the Municipal Committee may from time to time appoint as its licensed plumber or plumbers.

2. No tap shall be allowed to project outside any premises, nor shall any tap be fixed in such a position as to be available for use by the public or in close proximity to any privy, drain, or other place where injurious gases are likely to be produced.

3. No connection shall be made by a licensed plumber between a communication pipe and a supply-pipe except in the presence of an officer duly authorized in this behalf by the Municipal Engineer.

4. Every boiler for generating steam shall be supplied with water from a cistern and not directly from the service-pipe, and every cistern shall be provided with a ball valve, a detective or warning pipe, and proper means of access and inspection.

5. The pipes and fittings of house service connections shall be exact duplicates of the samples deposited in the office of the Municipal Engineer, so that the parts may be interchangeable and shall consist of five sections :—

(i) *The ferrule, connecting the communication-pipe with the supply-pipe.* The ferrule shall be covered with an iron bell-cover resting on the supply-pipe to protect it from contact with the earth.

(ii) *The communication-pipe from the ferrule to the stop-cock, and the service-pipe or pipes from the stop-cock to the taps.* Above ground all pipes shall be screened wherever practicable from exposure to the sun. The communication-pipe shall be not less than 2 ft. below the surface of the ground. Wherever a communication-pipe is laid across a sewer or open drain or in any place where in the opinion of the Municipal Engineer it is liable to injury, such pipe shall be passed through an exterior glazed ware or cast-iron pipe of sufficient length and strength to afford due protection to it. No pipe of less than 1 inch shall be laid under roads.

(iii) *A brass stop-cock, having the same water-way as the pipe, which shall be placed at or near the point of entrance to the premises to be supplied, or if necessary within such premises, to shut off the water and regulate the supply.* The stop-cock shall be provided with a foot-way cover-box resting on brick work to indicate its situation and furnished with a lock and key. Such key shall remain under the control of the Municipal Engineer. The stop-cock shall be capable of adjustment so that the supply to the house may be regulated by it.

(iv) *The taps.* All taps wherever fitted shall be of the screw-down variety.

(v) *The meter where necessary.* The meter shall be placed as near to the stop-cock as possible, in a position where it can be conveniently examined, no meter shall be fixed under ground unless in a brick well. No meter shall be disconnected from the service pipe or in any way interfered with save with the permission of the Municipal Engineer.

There must be arrangements for locking it and the key shall remain under the control of the Municipal Engineer. The Municipal Engineer shall cause all meters to be tested at least once a quarter and in each case a certificate shall be filed to the effect that the meter has been tested.

6. The dimensions of ferrule, interior pipes and taps for water shall be of the following relative sizes only, except when a connection is taken for supply in bulk :—

Diameter of ferrule.	DIAMETER OF PIPES INSIDE HOUSE.		Size of taps or cocks.
	Lower floor.	Upper floor.	
Inches.	Inches.	Inches.	Inches.
$\frac{1}{8}$	$\frac{3}{8}$	$\frac{3}{8}$	$\frac{3}{8}$
$\frac{3}{8}$	$\frac{1}{2}$	$\frac{1}{2}$	$\frac{1}{2}$
$\frac{1}{2}$	$\frac{1}{2}$	$\frac{1}{2}$	$\frac{1}{2}$
$\frac{3}{4}$	$\frac{3}{4}$	$\frac{1}{2}$	$\frac{1}{2}$
1	$\frac{3}{4}$	$\frac{1}{2}$	$\frac{1}{2}$

## 7. Connections may be cut off—

(i) by order of the Secretary of the Municipal Committee in cases provided for in rule 22 (i) (a), (b), (c) &amp; (d) of the Water Supply Bye-laws.

(ii) by order of the Municipal Engineer in cases provided for in rule 22 (i) (b), (d) and (e).

By order,

D. JOHNSTONE,

Personal Assistant to the Chief Commissioner, Delhi.

Season and Crop Prospects for the week ending Saturday,  
7th July 1917..

**Burma.**—The rainfall in Lower Burma was sufficient and well distributed. In Upper Burma want of rain is general, several districts reporting less than 10 cents for the week and three no rain at all. Ploughing and sowing of rice are progressing normally but absence of rain in Upper Burma has restricted the area under dry crops and is affecting such areas as have been sown. The river level at Henzada is below normal and is still falling. The Chindwin river is above normal but is falling slowly. Cattle are generally healthy. The price of paddy at Rangoon has fallen to Rs. 99 per hundred baskets. The market for white rice continues to be dull.

**Assam.**—The weather is reasonable and favourable. Harvesting of autumn rice and of Khasi potatoes, ploughing for and sowing and transplantation of winter rice seedlings and manufacture of tea continue. Harvesting of jute continues in Goalpara. Prospects of autumn rice are fair to good, of tea fair and of cotton and sugarcane good. Cattle disease is reported from seven districts. The price of common rice shows a slight tendency to rise.

**Bengal.**—During the week the rainfall in some of the northern and eastern districts was heavy. Elsewhere the fall was generally moderate. The rainfall has been generally beneficial to standing crops. Transplantation of winter rice is going on briskly. Harvesting of summer rice, chillies and early autumn rice is nearing completion. The outturn of these crops is reported to be fairly good. Prospects of the jute and paddy crops are good. Weeding is still going on in some of the western Bengal districts. Harvesting of jute and of autumn paddy on low lands in the eastern Bengal districts has commenced. Insect pests are causing damage to jute in parts of Jessore. Fodder is reported to be getting dear in part of the 21-Parganas, Hooghly, Dacca and Mymensingh. Cattle disease is reported from thirteen districts. The average price of common rice has fallen slightly as compared with that of the previous week.

**Bihar and Orissa.**—The rainfall during the week was general over the Province, the fall being mostly moderate in Bihar and Chota Nagpur and light in Orissa. Sowing of autumn crops has been nearly completed and weeding has commenced. Transplantation of winter rice has commenced and is in progress in some districts. Standing crops are doing well. The price of common rice has risen in two districts, fallen in three and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from eleven districts. The number of persons on test works in Puri was 580 and in receipt of gratuitous relief 600. The condition of standing crops in the Feudatory States of Orissa is good.

*The Report on scarcity in Singhbhum is as follows.*—In the Kolhan Government Estate the distress was moderate. Relief measures are sufficient. The public health is good. The physical condition of workers is satisfactory. The average price is 5½ seers per rupee. The number of persons on test works was 561.

**United Provinces.**—The rainfall during the week was general throughout the Province. More rain is still needed in the Bijnor, Aligarh and Agra districts. Sowing of autumn crops is generally in progress. Preparation of fields for spring crops has commenced in certain places. The condition of standing crops is good. Sugarcane is flourishing. Prospects are good. Agricultural stock is, on the whole, in good condition though cattle disease has shown no decrease. Fodder and water are everywhere sufficient. Prices have a downward tendency.

**Punjab.**—Light or moderate rain fell in all the reporting districts except in Lahore and Amritsar. It was beneficial for sowing and for standing crops but more rain is wanted in parts of the south, east and west. Extra spring crops are being harvested in some districts with yield generally normal. Sowings of autumn crops continue and are generally normal. The condition of standing extra spring and autumn crops is generally good. Cattle are healthy and fodder and water for drinking and irrigation purposes are sufficient. Stocks of food grains are sufficient. Prices are stationary and generally range between normal and warning rates. Price of wheat:—Lahore and Rawalpindi 9½, Ferozepore 10, Lyallpur 10½ and Ambala 10 seers per rupee.

**North-West Frontier Province.**—Slight rain fell throughout the Province. The weather is hot and cloudy. The condition of standing crops is average both on irrigated and unirrigated areas except in the north where it is below average on unirrigated areas. In the north threshing of spring crops has been practically finished with outturn average and in the south sowings of autumn crops and harvesting of extra spring crops are proceeding. The condition of cattle is generally good. Water and fodder are

sufficient. The public health is good. Prices are almost stationary. The price of wheat in Peshawar was 9½ and in Dera Ismail Khan 10 seers per rupee.

**Jammu.**—The rainfall during the week was about average. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 24 seers per rupee. The condition of standing crops is average. There is no cattle disease. Fodder is sufficient except in a few places.

**Kashmir.**—The rainfall during the week was good in Karnal, insignificant in the Baramulla district and nil elsewhere. Standing crops are in fair condition. Cattle are generally healthy. Water is inadequate in Muzaffarabad. Fodder is sufficient. Prices are average.

**Rajputana.**—Moderate to heavy rain fell throughout Rajputana and Ajmer Merwara. The maximum fall was 10 inches 2 cents in Kotah. The weather is cloudy and seasonable. Ploughing and sowing are in full swing. The condition of agricultural stock is fair to good. Water and fodder are ample. Prices continue to fall except in Marwar, Sirohi, Partabgarh, Kotah and Karauli where they are rising.

**Central India.**—The rainfall during the week was general. The principal falls were over 8 inches in Mehidpur, over 7 inches in Jhabua, over 6 inches in Kannon, over 5 inches in Dhar, over 4 inches in Barwani, Alirajpur and Manpur, over 3 inches in Bundelkhand, over 2 inches in Indore city and Garot and over 1 inch in Jobat. The rainfall was insufficient in the Bhopal Agency and in the Gwalior State except the Malwa Prant. Autumn crops are being sown everywhere except in a few parganas in the Gwalior Prant. Agricultural stock is generally in good condition. The fodder supply is sufficient. Prices are high in Bhopal, slightly fluctuating in portions of the Indore State and steady elsewhere.

**Central Provinces.**—During the week light to moderate rainfall has been general in the Provinces, the largest quantity registered being 5 inches. Sowing of autumn crops is in full swing and germination of crops already sown is reported to be satisfactory. There is no scarcity of fodder or water. Cattle are in good condition. Fluctuations in prices are unimportant but wheat and gram show a slight upward tendency.

**Feudatory States.**—There was good rain in the States. Sowings continue and germination is satisfactory.

**Bombay.**—The rainfall during the week was general. Good rain was received in the district of Gujarat and in the Native States. The fall was insufficient in the Deccan and the Karnatak where more rain is needed. Sowing generally continues. Transplantation is progressing in the Konkan, parts of Sind and Gujarat. Seedlings are thriving except for slight damage by grasshoppers in parts of Kathiawar. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Sind and the Panch Mahals. Prices of food grains are generally steady.

**Hyderabad.**—The rainfall during the week was fair in parts of the Adilabad and Karimnagar districts and slight elsewhere. The average fall was 46 cents. The highest fall was 2 inches 74 cents in Mahadapur. Sowings of autumn crops are in general progress and the sprouts are in fair to good condition. Lands for early rice are being prepared and sowings have commenced. Cattle disease prevails in six talukas. Variations in prices of grains are insignificant. The highest price of *juar* in districts is 7½ seers per rupee in Nander and the lowest 18 seers per rupee in Bir.

**Mysore.**—The rainfall during the week was good in Kolar and light to fair elsewhere. The price of rice has risen slightly in Bangalore and Tumkur and of *ragi* has risen in Chittaldrug and fallen in Kolar. Markets are well supplied. Sowing of paddy and *ragi* is in progress. Standing crops are in good condition. Prospects of the season are good but rain is needed in parts of Hassan, Shimoga and Chittaldrug. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Rainfall 1 inch 23 cents. Ploughing for and sowing of rice continue. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was heavy in South Kanara, good in the Vizagapatam Agency, Godavari, Madras, Chittoor, North Arcot, Salem and Malabar, nil in Guntur and the Deccan except Anantapur and Cuddapah and light to fair elsewhere. Standing crops are in fair to good condition generally but rain is required in parts of two districts. Harvesting of paddy, sugarcane and dry crops is proceeding normally with outturn fair to normal generally. Sowing of paddy, sugarcane and dry crops is proceeding normally. The condition of cattle is generally good. The water supply is insufficient in parts of Bellary, Anantapur, South Arcot, Central except Coimbatore, Madura, Tinnevely and South Kanara. Pasture is insufficient in four districts and in parts of two others. Fodder is generally available. Prices are steady.

The 17th March 1917.

On and after 31st March and until further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published in Simla. Parts II and III will continue to be published in Calcutta. All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India."

**NOTICES.****THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.**

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

**No. 6184-Education.**—In supersession of the bye-laws published with this office Notification No. 2775, dated the 28th April 1915, the following revised bye-laws made under the provision of sections 188 (1) (e) and 199 (1) of Municipal Act, III of 1911, for the regulation and collection of House Tax within the Municipal limits of Delhi, are approved by the Chief Commissioner of Delhi Province and are hereby published for general information.

These bye-laws will come into force six weeks after the publication of the Notification.

#### HOUSE TAX BYE-LAWS.

1. The annual value of houses and buildings vested in His Majesty and of factories as defined in section 2 of the Indian Factories Act shall be calculated as follows :—

(a) For buildings vested in His Majesty and not administered by the Municipal Committee a sum equal to 5 per cent. of the value as certified by the Public Works Department.

(b) For factories of which the buildings are owned by the proprietors of the factory, a sum equal to 5 per cent. on the sum obtained by adding the estimated cost of erecting the building, less such amount as the Committee may deem reasonable to be deducted on account of depreciation (if any) to the estimated market value of the site and any land attached to the house or building. In the calculation of the annual value of any premises no account should be taken of any machinery thereon.

2. A building or house shall be held to include the compound within which it stands.

3. The tax shall be payable for each calendar year, in advance in one single instalment on 1st July in each year.

4. When entry of a house is made in accordance with the provisions of section 75 (a) of Act III of 1911, due regard shall be paid to the social and religious sentiments of the occupiers and before any apartment in the actual occupancy of any woman who, according to custom, does not appear in public, is entered, notice shall be given to her that she is at liberty to withdraw, and every reasonable facility shall be afforded to her for withdrawing.

5. When public notice regarding completion of the assessment lists is given under section 64 of Act III of 1911, such public notice shall be given by advertisement in at least two local newspapers and also by placards posted up in conspicuous places throughout the Municipality and in such other manner as the Committee may prescribe.

6. Every person likely to be affected by the list, or an authorised agent of such person shall be entitled to inspect the list in the Committee's office during the office hours and shall further be entitled to receive a copy of the entries affecting him on a payment of a fee of one anna for each entry.

7. Objections to the assessment shall, on receipt, be entered in a register of objections, and notice shall be given to each objector of the day, time and place when and whereat his objection will be considered.

8. At the time and place so fixed the objection received shall be considered by the Direct Tax Sub-Committee in the presence of the objector or his agent if he shall appear, and if not, in his absence.

For reasonable cause the investigation of the objections may from time to time be adjourned.

9. On the completion of the amended list (*vide* section 66 of the Act) notice that the list is open to inspection in the Committee's office shall be given in the manner described in bye-law number five preceding.

10. Where there is a dispute regarding ownership and doubt exist as to who is entitled to be registered as owner of any premises, the Committee shall determine who is entitled to be registered as such, and this decision shall remain in force for the purposes of these rules till set aside by the order of a competent Court.

11. When the name of the owner is not known it shall be sufficient to designate him in the Assessment List as "the owner."

12. In the event of any person preventing a Municipal Officer from entering a house under bye-law 4 above, the person so obstructing shall be punishable with fine which may extend to fifty rupees.

13. The Tax shall be calculated to the nearest anna; six pies and less not being reckoned at all and any number of pies in excess of six being reckoned as one anna. Payment shall be made according to these calculations.

14. If, in considering an application for remission, it appears to the Sub-Committee that a factory has been unoccupied except in so far as it has been used as a warehouse for machinery, whether under the charge of a caretaker or not, the Sub-Committee shall sanction a remission as if one-third of the building had been unoccupied.

15. No application for remission under section 72 (2) shall be entertained by the Sub-Committee unless the amount of the tax due has already been credited to the Municipal Fund.

16. The fact that an application for remission of House Tax has been or is intended to be presented shall not except any person from whom such House Tax is claimed from the liability to pay the Tax.

17. If any building is used for the exhibition of cinematographs, circuses, pantomimes dramatic performances, other similar purposes and is not leased at an annual rent to any person it shall be assessed in the manner laid down in section 3 (1) (c) of the Punjab Municipal Act, III of 1911.

**No. 6191-Education.**—With reference to the Chief Commissioner's Notification No. 8420-Education, dated 18th December 1916, and in exercise of the powers vested in the Local Government under sections, 240 (1) (d) and 242 (1) (f) of the Punjab Municipal Act, 1911, the Chief Commissioner, Delhi, is pleased to make the following rule, for the exclusion of aliens from the electorate and membership of municipal committees and notified areas in the Province of Delhi:—

#### Rule.

Except with the sanction of the Local Government which, subject to the approval of the Governor General in Council, may be granted in respect of any person or class of persons, no person other than a British subject or a natural born subject of a State in India shall be qualified to be a member, or to be a candidate for election as a member, or to vote at the election of any member of any municipal committee or notified area in the Province of Delhi.

**No. 6194-Education.**—With reference to the Chief Commissioner's Notification No. 8423-Education, dated 18th December 1916, and in exercise of the powers vested in the Local Government under section 55 (2) (d) of the Punjab District Boards Act, 1883, the Chief Commissioner, Delhi, is pleased to make the following rule, for the exclusion of aliens from the electorate and membership of district boards and local boards in the Province of Delhi:—

#### Rule.

Except with the sanction of the Local Government which, subject to the approval of the Governor General in Council, may be granted in respect of any person or class of persons, no person other than a British subject or a natural born subject of a State in India shall be qualified to be a member, or to be a candidate for election as a member, or to vote at the election of any member of any district or local board in the Province of Delhi.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,  
14th July 1917.

**Burma.**—The rainfall in Lower Burma was general. It was heavy on the Arakan and Tenasserim coasts and moderate elsewhere. Districts in the wet zone of Upper Burma report moderate rain but in the dry zone the fall was meagre. Satisfactory progress is being made in agricultural operations in connection with winter rice in Lower Burma and in irrigated tracts in Upper Burma. The agricultural outlook is satisfactory except in parts of the dry zone where crops are reported to be withering owing to deficient rain. Cattle are generally healthy. The price of unhusked rice at Rangoon has fallen further to Rs. 98 and is much below normal. The market for white rice is firm.

**Assam.**—The weather is seasonable on the whole and favourable. The harvesting of autumn rice, jute and Khasi potatoes, the sowing and transplantation of winter rice seedlings and the manufacture of tea are in progress. The outturn of autumn rice, jute and tea is fair. The prospects of standing crops on the whole are promising. Cattle disease is reported from seven districts. The price of common rice rose slightly.

**Bengal.**—During the week good rain fell throughout the Province. Transplanting of winter paddy continues. Weeding of jute and autumn paddy is nearly finished. Harvesting of these crops is proceeding in most of the eastern districts. The condition and prospects of jute and other standing crops are on the whole good. Scarcity of fodder is still being felt in parts of the 24-Parganas, Hooghly, Dacca and Mymensingh. Cattle disease is reported from nine districts. The average price of common rice for the Province remained practically stationary as compared with that of the preceding week.

**Biha and Orissa.**—During the week rain was general over the Province, the fall being moderate. Weeding of autumn crops is going on. Transplantation of winter paddy continues. Standing crops are doing well. The price of common rice has risen in three districts, fallen in three and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from thirteen districts. The number of persons on test works in Puri was 364 and in receipt of gratuitous relief 289. The condition of standing crops in the Feudatory States of Orissa is good.

*The report on scarcity in Singhbhum is as follows:*—In the Kolhan Government Estate distress was moderate. Relief measures are sufficient. The public health is good. The physical condition of workers is satisfactory. The average price is 8½ seers per rupee. The number of persons on test works was 460.

**United Provinces.**—The rainfall during the week has been deficient in almost all of the districts of the Upper and Central Doabs, Bundelkhand and some western districts where more rain is urgently needed. Operations in connexion with autumn crops are in hand. Lands are being prepared for spring crops. Standing crops are doing well nearly everywhere and the condition of sugarcane is good. Cattle disease is increasing somewhat though the condition of agricultural stock on the whole is good. Floods are reported on the Rapti river in the Gonda district. Fodder and water are ample. Prices show a slight tendency to rise.

**Punjab.**—During the week light or moderate rain was received in parts of nearly all the reporting districts. It was generally insufficient and more rain is wanted. The rain was useful for sowings and for standing crops which are generally good on irrigated and average on unirrigated areas. Extra spring crops are being harvested with yield generally normal. Sowings of autumn crops continue to normal extent. Cattle are healthy and fodder and water for drinking and irrigation purposes sufficient. Stocks of food grains are sufficient. Prices are stationary and generally range between normal and warning rates. Prices of wheat:—Rawalpindi 9½, Lahore 9½, Ferozepore 10, Ambala and Lyallpur 10½ seers per rupee.

**North-West Frontier Province.**—During the week beneficial rain fell throughout the Province but more is wanted in the north especially for unirrigated tracts. The weather is hot and cloudy. In the south, the condition of standing crops is average on irrigated but below average on part of the unirrigated area. In the north, threshing of spring crops is finished with outturn average. In the south, sowing of autumn crops and harvesting of extra spring crops is proceeding. The condition of cattle is good, but foot and mouth disease and rinderpest prevail in parts. The public health is generally good. Water and fodder are sufficient except in portions of Peshawar. Prices are almost stationary. The price of wheat in Peshawar was 8½ seers per rupee and in Dera Ismail Khan 10½ seers per rupee.

**Jammu.**—Ample rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 24 seers per rupee. The condition of standing crops is average. There is no cattle disease. Fodder is sufficient.

**Kashmir.**—During the week the rainfall was insignificant. Standing crops are in fair condition. Cattle are generally healthy. The supply of fodder is sufficient and that of water inadequate. Prices are normal.

**Rajputana.**—During the week good rain fell in Jhalawar and Tonk. The weather is cloudy and hot. Ploughing and sowing are in full swing. The condition of agricultural stock is fair to good. Water and fodder are ample. Prices are rising in parts of western Rajputana, Mewar, Shahpura, Tonk and Karauli and falling in Banswara, Kotah, Jhalawar, Jaipur and Kishangarh.

**Central India.**—During the week the rainfall was almost general. The principal falls were over 8 inches in Alirajpur, over 1 inch in Jhabua and Bundelkhand, insufficient in the Bhopal Agency and partial in Bundelkhand. Autumn crops are being sown everywhere. Agricultural stock is good except for some cattle disease. The supply of fodder is sufficient. Prices are high in Bhopal and steady elsewhere. (Report from Gwalior not received.)

**Central Provinces.**—The weather was cloudy and warm during the week and moderate to heavy rain fell in most districts in the latter part, but more is needed in some places. Sowing of cotton is practically over but that of other crops is in full swing. Transplantation is reported to be satisfactory. Transplantation of rice has commenced. Fodder is ample. Agricultural stock is in good condition. Fluctuations in prices are unimportant.

**Feudatory States.**—Rainfall has been general. Sowing is in progress and the plants are thriving.

**Bombay.**—During the week slight rain fell in Gujarat and East Deccan and moderate in the rest of the Presidency and parts of Sind. More is generally needed. Sowing continues wherever sufficient moisture is available. Transplantation is progressing in Konkan, Sukkur, Larkana, Kaira, Surat, Nasik and Poona. Seedlings are thriving except for slight damage by rats in two talukas of Thar and Parkar, and by grasshoppers in parts of the Upper Sind frontier and Kathiawar. They are withering in Sukkur, Larkana, the Upper Sind frontier, Ahmednagar, Nasik, and Belgaum. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate and that for irrigation deficient in parts of Sind and the Panch Mahala. Prices of food grains are generally steady.

**Hyderabad.**—The rainfall was slight and partial during the week except in parts of the Medak, Nizamabad, Warangal and Karimnagar districts. Sowings of autumn crops continue. The sprouts are in fair to good condition but are withering for want of rain in parts. Lands are being prepared for early rice and sown. Cattle disease prevails in seven talukas. Prices of grains show an upward tendency. The highest price of *juar* in districts was 7½ seers per rupee in Nander and the lowest 18 seers per rupee in Bir.

**Mysore.**—During the week the rainfall was light throughout the State. The price of rice has fallen in Tumkur and that of *ragi* risen in Tumkur and Hassan. Markets are well supplied. Sowing of *ragi*, paddy, and sugarcane is in progress in parts. Standing crops are in fair condition. The prospects of the season are generally good but more rain is needed in the greater part of the State. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Rainfall 3 inches 5 cents. Ploughing and sowing for rice continue. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was good in Ganjam, Vizagapatam, Malabar, South Kanara and Cochin, nil in Madras, Chittoor, and Tinnevely and light to fair elsewhere. Standing crops are fair to good generally but rain is required in parts of two districts. Harvesting of paddy and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy and dry crops are proceeding normally. The condition of cattle is generally good. The water supply is insufficient in parts of Ganjam, Bellary, Anantapur, Nellore, South Arcot, Central except Trichinopoly South and South Kanara. Pasture is insufficient in four districts and in parts of four others. Fodder is generally available. Prices are steady.

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777-79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India."

### NOTICES.

#### THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force

in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 p.m. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India."

Class 15. Nos. 5986 to 5993. The Calico Printers' Association, Ltd., St. James's Buildings, Oxford Street, Manchester, England. July 18.

**NOTICES.****THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.**

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in cash and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

## FOREIGN COMMERCE.

## FOREIGN SEA-BORNE TRADE DURING JUNE, 1917.

The trade returns of British India for June, 1917, as compared with those of the preceding month, showed decreases in total imports and re-exports, but an increase in total exports. The total imports of merchandise were valued at over R10 crores, the exports, including those of wheat and tanned cow hides on Government account, at R19 crores, and the re-exports at over R63 lakhs. Imports therefore decreased by 8 per cent, re-exports by 4 per cent, while exports increased by nearly 2 per cent. As compared with June, 1916, imports showed a decrease of 11 per cent, but exports showed an increase of 12 per cent, and re-exports of 5 per cent.

The chart showing the course of monthly imports and exports, including re-exports, from April, 1914, to June 1917, is appended below:—

## MONTHLY IMPORTS AND EXPORTS FROM APRIL, 1914, TO JUNE, 1917.

(Private Merchandise only)

The actual net excess of exports, including re-exports, over imports was R8,62 lakhs in May, 1917, and R9,82 lakhs in June, 1917. The statement below shows the figures of imports and exports, including re-exports, during May and June, of the years 1915, 1916, and 1917, and the actual net excess of exports over imports during the same periods:—

In the three months ended June, 1917, the excess of exports over imports of private merchandise was R25,98 lakhs, as against R19,82 lakhs in the corresponding period of 1916, and the net imports of treasure on private account were R4,39 lakhs, as against R1,85 lakhs last year. The net exports (merchandise and treasure) were R21,59 lakhs, as against R17,47 lakhs in 1916.

The amount of Council Bills and Telegraphic Transfers paid in India in the three months ended June, 1917, was R16,22 lakhs, of which R1,36 lakhs were paid through the Gold Standard Reserve, R11,03 lakhs through the Paper Currency Reserve, and R3,83 lakhs through Treasuries. In the three months ended June, 1916, the amount was R5,94 lakhs, of which R69 lakhs were paid through the Gold Standard Reserve, R3,06 lakhs through the Paper Currency Reserve, and over R2,18 lakhs through the Treasuries. In the three months ended June, 1915, the amount of Council Bills paid was R3,78 lakhs. As regards enfaced Rupee paper, R45,000 represented the amount of paper enfaced to London, and about R35 lakhs the amount re-transferred from London, in the three months, April to June, 1917, while in the corresponding period of 1916, R63,700 represented the amount of paper enfaced to London and about R28 lakhs the amount re-transferred from London.

#### MOVEMENTS OF GOLD AND SILVER (PRIVATE AND GOVERNMENT).

In the month of June, 1917, the imports of gold were valued at nearly R 2,89 lakhs and the exports at R 7,400, as against nearly R95 lakhs and R5,900 respectively, in May, 1917. Of the imports, gold bullion was valued at about R3 lakhs, as against R77 lakhs in the preceding month, while sovereigns and other British gold coin were valued at over R2,49 lakhs, as against R17 lakhs.

The imports of silver were valued at nearly R1,80 lakhs, of which R1,54 lakhs were on Government account, as against R3,11 lakhs on both private and Government account in May, 1917. The exports of silver were valued

\* Merchandise and treasure exclusive of Government transactions (other than "wheat" and "tanned cowhides" in the case of exports of merchandise).

(a) Include the value of wheat exported on Government account.

(b) Include the value of wheat and tanned cowhides exported on Government account.

(c) Approximate.

at more than R25 lakhs, of which over R11 lakhs were on Government account, as against nearly R37 lakhs, both on private and Government account, in the preceding month.

## DEPARTMENT OF STATISTICS, INDIA.

### TRADE FLUCTUATIONS IN SELECTED ARTICLES IN MAY, 1917.

The object of the tables appended is to show the quantities of the principal staples of agricultural produce imported from the various provinces, etc., and from foreign countries into the ports of Calcutta, Bombay, and Karachi, and into the Madras ports during the month of May, 1917, and for the two months April and May, 1917, as compared with the corresponding periods of 1916. The statistics include foreign sea-borne and coasting trade as well as inland (rail and river-borne) trade. They have been furnished by Collectors of Customs, Steamer Companies, Railway Audit Officers, the Commissioners for the Port of Calcutta, etc.

### TRADE FLUCTUATIONS IN MAY, 1916 AND 1917.

It will be seen from Table I, that the imports by rail, river, and sea in May, 1917, as against the corresponding month of 1916, show (in round numbers) an increase of—

- 191 per cent in wheat (excluding wheat flour).  
(252,800 tons as against 86,900 tons last year.)
- 117 per cent in jute.  
(201,400 bales as against 92,600 bales last year.)
- 63 per cent in gram and pulse.  
(65,300 tons as against 40,100 tons last year.)
- 41 per cent in raw cotton.  
(407,300 bales as against 289,400 bales last year.)

The imports of linseed by rail, river and sea into ports show a decrease of 70 per cent (17,500 tons as against 59,300 tons last year) due mainly to smaller exports from the United Provinces and Bihar and Orissa. The fall of 49 per cent (54,000 tons as against 106,400 tons last year) in the imports of rice (including paddy) is accounted for by smaller shipments from Burma. The imports of tea into Calcutta show a fall of 25 per cent (7,478,200 lbs as against 9,958,800 lbs last year), owing mainly to a decrease in exports from Bengal. The decrease of 3 per cent (14,900 tons as against 15,400 tons last year) in the imports of rape and mustard seed into ports is accounted for by smaller exports mainly from the United Provinces.

It will be seen from Table IV (wheat, excluding wheat flour) that the principal source of the imports in May 1916, was the Punjab. During the corresponding month of 1917, the provinces from which the ports received their supplies were mainly the Punjab (40 per cent of the total), the

NOTE.—One bale of cotton or jute is equivalent to 400 lbs

One maund of paddy is taken as equivalent to 25 seers of rice.

United Provinces (25 per cent), and the Central Provinces and Berar (17 per cent). Table XI shows the *exports* out of India of wheat (including wheat flour) month by month during the last six years.

GENERAL RESULTS—TWO MONTHS' IMPORTS INTO THE PORTS FROM UP COUNTRY, ETC., THIS YEAR AND LAST YEAR.

The two months' figures in table I show (in round numbers) an increase of—

205 per cent in wheat (excluding wheat flour).

(423,800 tons as against 139,000 tons last year.)

46 per cent in gram and pulse.

(134,600 tons as against 92,100 tons last year.)

46 per cent in raw cotton.

(909,700 bales as against 621,200 bales last year.)

40 per cent in tea

(17,343,400 lbs as against 12,365,000 lbs last year.)

21 per cent in jute.

(353,400 bales as against 291,400 bales last year.)

The imports of linseed into ports show a decrease of 58 per cent (50,000 tons as against 119,700 tons last year) mainly on account of smaller exports from the United Provinces and Bihar and Orissa. The fall of 35 per cent (35,900 tons as against 55,200 tons last year) in rape and mustard seed is accounted for by smaller exports mainly from the United Provinces. The imports of rice (including paddy) show a decrease of 29 per cent (160,600 tons as against 225,100 tons last year) owing mainly to smaller shipments from Burma.

TRADE FLUCTUATIONS IN MAY, 1917 AS COMPARED WITH THE PREVIOUS MONTH.

As compared with April 1917, the imports in May 1917 into the ports referred to above show (in round numbers) a decrease of—

49 per cent in rice (including paddy).

(51,000 tons as against 106,600 tons previous month.)

46 per cent in linseed

(17,500 tons as against 32,500 tons previous month.)

29 per cent in rape and mustard seed

(14,900 tons as against 21,000 tons previous month.)

24 per cent in tea

(7,478,200 lbs as against 9,865,200 lbs previous month.)

19 per cent in raw cotton

(407,300 bales as against 502,400 bales previous month.)

6 per cent in gram and pulse

(65,800 tons as against 69,300 tons previous month.)

and an increase of—

48 per cent in wheat (excluding wheat flour)

(252,800 tons as against 171,100 tons previous month.)

32 per cent in jute

(201,400 bales as against 152,000 bales previous month.)

NOTE.—One bale of jute is equivalent to 400 lbs.

By "Calcutta" is meant the town of Calcutta with Howrah and the Kidderpore Docks. The imports exclude, therefore, imports into those jute mills which are outside this area. Such mills form the large majority of the total mills manufacturing jute.

#### RESOLUTION—By the Government of India, Finance Department.

In the annexure to the Resolution of the Government of India in the Finance Department, No. 361-E.A., dated the 24th July 1916, revised rules were issued defining the financial powers to be exercised by local Governments with which provincial or *quasi*-provincial settlements had been made. These rules were intended to be complete in themselves as regards all matters falling within their scope, but they formed only a part of a comprehensive scheme of delegation which has been engaging the attention of the Government of India since the Decentralisation Commission reported. The approval of the Secretary of State has now been obtained to all the essential features of the scheme and the Government of India desire to explain the general principles on which it is based.

2. The classes of expenditure in respect of which financial powers are exercised may be divided broadly into two main categories :—

- (a) Expenditure which is regulated by the provisions of the principal authorised codes, namely, the Civil Service Regulations, the Civil Account Code, and the Public Works Department Code.

It will be convenient to refer to the decentralisation of financial powers in regard to such expenditure under the description "code delegations."

- (b) Expenditure coming under the classes enumerated in the Audit Resolution of 15th March 1913 as amended from time to time with the approval of the Secretary of State.

The latter expenditure is not generally regulated by the provisions of the codes above mentioned—though, in the absence of a separate body of rules defining the

powers in such matters possessed by the various authorities subordinate to the Government of India, the substance of some of the existing orders on the subject has, as a matter of convenience, been incorporated in one or other of the codes mentioned in clause (a) above. Delegations in regard to such expenditure will be referred to as "expenditure delegations." The main items of outlay falling under this category are as follows : -

- (1) Expenditure directly connected with the creation of new appointments and the raising of the emoluments of existing appointments.
- (2) Contingent charges, that is, those referred to in Chapter 6 of the Civil Account Code, Volume I.
- (3) Other classes of expenditure which are not included under clauses (1) and (2) above and are also not regulated by the provisions of the principal authorised codes, e.g., grants to educational institutions, political pensions, etc.

*Expenditure delegations.*

3. The rules which will in future regulate the financial powers of the various authorities have been framed in accordance with certain underlying principles which it seems desirable to explain. First in order come the powers of Provincial Governments (by which term is meant local Governments with whom a regular, or *quasi*-provincial, financial settlement has been concluded) as regards expenditure under provincial and divided heads. An examination of the rules dealing with such expenditure will show that, subject to the limitations imposed, the Provincial Governments now exercise the same financial powers as the Government of India. The administrative control of the supreme Government remains unimpaired and the local Government is required to obey all general or specific instructions issued by superior authority, while in several matters the delegated powers must be exercised in accordance with the rules in the financial codes. But the rules are so framed that, when any case of doubt arises, the presumption will be that the Provincial Government possesses power to dispose finally of the case, unless it can be shown that it is excluded by one or other of the limitations mentioned.

4. The rules defining the powers of a Provincial Government relating to imperial expenditure are framed on a different model. As regards such expenditure the Provincial Government does not occupy the same independent and responsible position as it does with regard to the revenues placed under its control, but rather that of an agent of the Government of India. The rules in this case define precisely not the limits of the powers conferred but the powers themselves. The presumption therefore will be, when doubt arises as to an item of imperial expenditure, that power to sanction it does not exist unless it has been expressly conferred. The same principle has been adhered to in framing the rules which will be separately issued defining the powers of Minor Local Governments, with whom no provincial settlement has been made, and of Departments of the Government of India.

5. A group of authorities, sometimes loosely referred to as Heads of Departments, still remains for consideration. It includes all authorities subordinate to a Provincial Government, to a Minor Local Government or to a Department of the Government of India to whom power to sanction expenditure has been or may be delegated ; but in this Resolution attention will be confined to the group of authorities who are subordinate to Provincial Governments. In their case it has proved impracticable to frame any set of rules which would define accurately the powers they were permitted to exercise. Amongst them there is to be found a wide range of status and considerable variety of function. An exhaustive enumeration of the powers they already exercise would be a difficult and laborious task, and the result would be unsatisfactory since the authorities of various grades could not be satisfactorily grouped owing to wide difference of conditions in different provinces. Moreover, it would still be necessary to refer to the Government of India and the Secretary of State whenever any enhancement of the delegated powers became desirable. The Government of India have therefore obtained the approval of the Secretary of State to a set of fundamental rules (a copy of which is annexed to this Resolution)

defining not the actual powers to be exercised in each case, but the maximum extent to which powers may be delegated without reference to the Secretary of State. Such an arrangement, while free from the objections already mentioned, will not interfere with the Secretary of State's general control, for it will be a matter entirely for him to decide in the first instance whether a particular kind of power is suitable for delegation and to fix limits which cannot be exceeded without his previous sanction. At the same time the Government of India, or the Provincial Government, as the case may be, will have full authority to decide whether the maximum powers which *may* be delegated to any particular group of authorities shall in practice be delegated in any individual case included in that group. The power of redelegation vested in Provincial Governments by these rules is substantial, but it will be understood that their promulgation in no way affects the general administrative control of the Government of India who retain unimpaired the right to issue directions to Provincial Governments as to the exercise of the powers conferred by the fundamental rules.

6. It is not the intention of the Government of India to inaugurate by the present Resolution any sweeping change of policy. Power has not been delegated in the past without due regard to the circumstances of the particular office or department concerned. The same principle will be followed in future, and the general power of redelegation which the fundamental rules confer must be exercised not comprehensively and by a single general sanction, but on a special consideration in each case of the circumstances of the particular department on behalf of which the enhanced powers are demanded, and only when some real administrative convenience is obtained thereby. The order of delegation ought therefore to include such supplementary restrictions as provincial conditions or the nature of the case render desirable.

7. It will not be necessary to discuss each of the rules in detail, but as regards one or two of them some explanation is desirable: -

(a) With effect from the date of this Resolution all existing delegations of financial power to subordinate provincial authorities which are not conserved by the first fundamental rule will *ipso facto* cease to be operative except in so far as they fall within the terms of the fundamental rules. There are, for example, cases in which subordinate authorities at present nominally exercise the full power of Provincial Governments as regards the revision of certain classes of establishments. The delegated power will for the future remain effective within the limits and subject to the conditions mentioned in rule 2, but beyond that will be abrogated, unless the original delegation can be traced back to the authorisation of the Secretary of State himself or is otherwise specifically covered by the provisions of rule 1.

(b) The powers which may be delegated in the creation of permanent and temporary establishments are defined in rules 2 and 3. The Government of India are of opinion that a subordinate authority to whom powers may be delegated under these rules should rarely, if ever, be authorised to create appointments in his own office and they trust that Provincial Governments will bear this in mind.

8. In several provinces allotments are placed annually at the disposal of Commissioners from which they make non-recurring grants towards works of public improvement and for general purposes of a public nature within their divisions. The Government of India have in recent years received proposals from several local Governments that District Officers also should receive annual grants similar to those of Commissioners. It is of course within the ordinary powers of a local Government to place a budget grant at the disposal of a particular officer, and under rule 5 it will be open to them to delegate to District Officers and to other subordinate authorities a limited power of sanctioning expenditure from such grants. There is, however, an important distinction between the powers exercised by Commissioners and those which may be delegated to other authorities under rule 5. The power of a Commissioner to sanction expenditure from his discretionary grant is not subject to the limits imposed by rule 5 and it has been decided with the approval of the Secretary of State that they should be held to exercise the full powers

of a local Government both as to the amount and as to the nature of expenditure sanctioned. It follows that unless the expenditure is (1) held to be unusual or outside the ordinary course of the administration, or (2) beyond the powers of the local Government or contrary to any instructions it has issued, the sanction given by the Commissioners cannot be challenged in audit. The phrases ordinarily used to define the powers of a Commissioner in this connection are necessarily of a vague and general character, e.g., "objects deserving of assistance from the public funds," or "services which may suitably be recognised by a small money grant." The discretion implied in these phrases may suitably be exercised by officers of the high standing and seniority of Commissioners of Divisions. But the Government of India do not consider it advisable at present that similar powers should be entrusted to officers of a lower standing. If acting under rule 5 a local Government were to delegate like extensive powers to District Officers its order would be open to objection in view of what has been said in paragraph 6 above, since it would amount to delegation by a single comprehensive and general sanction. It would indeed amount very nearly to the delegation of the whole powers of the local Government.

9. At the same time the Government of India do not desire to nullify the effect of rule 5 in the case of District Officers by a general prohibition. As already stated, it will be open to local Governments to delegate the powers of sanctioning expenditure to District Officers under that rule. But whenever such powers are delegated, it is essential that the objects on which the allotment may be expended should be clearly and precisely defined in the order of delegation. The order should specify, for instance, the works of public improvement or the objects deserving of public assistance on which money may be spent or, to take another example, the kinds of service which can suitably be recognised by monetary rewards. Provided the nature of the expenditure which may be incurred is clearly indicated in the orders of the local Government, so that the audit officer can see at once whether any particular sanction is or is not covered by its terms, the Government of India have no objection to the placing of annual grants at the disposal of District Officers. They trust that what has been said above will be borne in mind by local Governments when they exercise their powers under rule 5.

#### *Code Delegations.*

10. The various codes deal with so great a variety of circumstances involving expenditure that the question of the delegation of the powers conferred thereby cannot be treated with anything like the same generality. Ordinarily it has been found necessary to indicate the permissible extent of delegation separately for each article of a code under which the question of financial decentralisation can arise. In pursuance of this policy the Government of India have obtained the approval of the Secretary of State to a large number of amendments in the Civil Service Regulations and to a smaller number in the Civil Account Code and the Public Works Department Code, providing for the delegation of powers. It will be convenient to explain the principles which underlie these isolated delegations, the case of the Civil Service Regulations being quoted by way of illustration. Under that code, as it stood before the issue of the amendments dated the 14th August 1916, it will be found that most of the articles which gave rise to a question of delegation were expressed in a form which conferred certain authority on the "local Government." In other words, powers had already been delegated from the Government of India to the local Government, using the latter term in its ordinary sense. Appendix I to the Civil Service Regulations also contains a list of authorities who are entitled to exercise the powers of a local Government for the purposes of the Civil Service Regulations or certain named portions of it. By this means a considerable further measure of delegation had already been authorised as the entries in the Appendix include not only "Provincial Governments" and "Minor Local Governments" as above defined, but numerous Heads of Departments.

11. The amendments which have now been made in the Civil Service Regulations in many cases take the form that a local Government may delegate its powers either fully or to some defined extent to "Heads of Departments," and a clause has been inserted in Article 29-A empowering the Government of India to delegate the

powers of a Head of a Department to any authority. Code delegations in the past have been arranged with little regard to system and uniformity, the extent of the powers obtained being often mainly dependent on the activity of a particular subordinate authority or local Government in moving for higher powers. Under the new system much of this purely accidental differentiation is eliminated, while scope is allowed for such variety of treatment as is really required by local differences.

12. The principles underlying the scheme may in fact be summarised as follows :—

- (a) The general right of declaring what *kinds of powers* are to be considered suitable for delegation is reserved to the Secretary of State, inasmuch as no note authorising further delegation can be introduced under any article in the Civil Service Regulations without his previous sanction.
- (b) The general right of deciding what *authorities* are to be considered *prima facie* eligible for delegated powers is reserved to the Government of India, with whom will rest the power of adding to the list of " Heads of Departments " for the purposes of the Civil Service Regulations.
- (c) The right of deciding whether a particular power capable of delegation under clause (a) above shall or shall not be delegated to a particular authority eligible under clause (b) above will be reserved entirely to the local Government. That is, it will be optional for the local Government in any particular case to delegate or not to delegate. If the local Government does delegate a given power, it can confer it on all or any of the Heads of Departments subordinate to it, and can subject the exercise of the power by such authorities to such conditions as it may choose to impose; and it can afterwards revoke or modify such conditions as experience may show to be desirable.

13. By the Resolution of the Government of India No. 5525-Ex., dated the 19th November 1909, the power to decide what officers were to be deemed Heads of Departments for the purposes of the codes was delegated to local Governments subject to certain limitations. It will be seen that under the new system this power has been resumed by the supreme Government. The numerous additions which have been made to the list of powers which may be delegated to Heads of Departments rendered it desirable to secure a stricter control over the selection of the authorities who may exercise these powers, and the necessity of placing the delegation question on some definite and intelligible basis also suggested the advisability of a reversion to the practice prevailing before 1910. Where therefore an article in the Civil Service Regulations provides for the delegation of powers to Heads of Departments, local Governments can at once authorise the devolution of powers so far as officers who are already declared to be Heads of Departments under Appendix I-A to the Civil Service Regulations, are concerned. The sanction of the Government of India is, however, required to additions to the list of Heads of Departments given in the Appendix referred to, either for the purpose of the Regulations generally or of specified articles, and proposals to this end should be submitted to them for sanction. Officers not named in Appendix No. 1-A, who have been declared by local Governments to be Heads of Departments under the Resolution in this Department No. 5525-Ex., dated the 19th November 1909, may continue to exercise such powers as have already been delegated to them, but the extension to them of the larger powers that can now be delegated to Heads of Departments requires the sanction of the Government of India.

**ORDERED** that this Resolution be communicated to all local Governments and Administrations; to the several Departments of the Government of India (including the Financial Adviser, Military Finance); to the Heads of Departments subordinate to the Finance Department; to the Comptroller and Auditor General;\* to all Accountants General and Comptrollers; to all Examiners and Government Examiners of

Ordered also that the Resolution be published in the *Gazette of India*.

## ANNEXURE TO THE RESOLUTION.

## FINANCIAL POWERS OF AUTHORITIES SUBORDINATE TO A PROVINCIAL GOVERNMENT.

## I. GENERAL.

1. An authority subordinate to a Provincial Government may sanction (1) expenditure from general revenues or (2) advances of public money only in cases where authority is given by these rules, or by :

- (a) The provisions of any Act of the Legislature or of rules framed under such an Act ;
- (b) Any rule in the Civil Service Regulations, the Civil Account Code or any other code issued by, or with the approval of, the Government of India ;
- (c) Any order of a competent superior authority delegating to it financial powers with reference to the provisions of a statute, or to rules approved by, or an order of, the Secretary of State ; or
- (d) Any order of a competent superior authority laying down a scale, or a maximum scale, of expenditure.

## II. ESTABLISHMENTS : PERMANENT.

2. (1) In the case of non-gazetted and menial establishments whose strength is regulated by definite standards laid down with the approval of the Government of India or a Provincial Government, the Government of India may delegate to an authority subordinate to a Provincial Government power to sanction (a) the creation or abolition of permanent appointments, (b) the raising or reduction of the pay and allowances of sanctioned permanent appointments or of officers, and (c) the revision of permanent establishments, subject to the following fundamental conditions :

- (i) No appointment may be created or abolished, the pay and allowances of which exceed Rs. 150 a month : no reduction may be made in the pay and allowances of an appointment or of an officer in cases where they exceed Rs. 150 a month ; nor may any addition be made to the pay and allowances of an existing appointment, or of an officer, if it will have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 150 a month, or of increasing pay and allowances the total of which is already in excess of that amount.
- (ii) No individual scheme of revision may be sanctioned costing more than Rs. 10,000 a year.
- (iii) The total cost of all schemes sanctioned in any year under this clause by a single authority shall not exceed such limit as may be laid down by the Government of India for such authority.

(2) In the case of establishments not covered by the provisions of clause (1) above whose cost is charged to a wholly Provincial or a Divided head, a Provincial Government may delegate to any authority, subordinate to it, power to sanction.

(a) Revision of establishment, subject to the following conditions :—

- (i) Any additional expense involved must be met by permanent savings effected in the same department or in some other department, which is under the control of the sanctioning authority and the cost of which is charged to the same major head of account.
- (ii) No appointment may be created or abolished which would ordinarily be held by a gazetted civil officer recruited in England or by an officer of an Imperial Service as defined in article 29-B., Civil Service Regulations, nor may the pay and allowances of any such appointment or officer be raised or reduced.

(iii) No appointment may be created or abolished the pay and allowances of which exceed Rs. 150 a month; no reduction may be made in the pay and allowances of an appointment or of an officer in cases where they exceed Rs. 150 a month; nor may any addition be made to the pay and allowances of an existing appointment or of an officer if it will have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 150 a month or of increasing pay and allowances the total of which is already in excess of that amount.

(iv) No class or grade of officers may be created or abolished; nor may any alteration be made in the rates of pay and allowances prescribed by a higher authority for any class or grade of officers.

(b) Increases in non-gazetted and menial establishments without equivalent reduction, subject to budget rules and to the following conditions:

(i) No appointment may be created the pay and allowances of which exceed Rs. 50 a month nor may any addition be made to the pay and allowances of an existing appointment or of an officer if it will have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 50 a month or of increasing pay and allowances the total of which is already in excess of that amount.

(ii) The pay and allowances of any appointment shall not exceed the prescribed rates in cases where such rates have been definitely laid down by a higher authority for any particular class of appointments.

(iii) No scheme may be sanctioned costing more than Rs. 3,000 a year.

(3) In the case of establishments not covered by clause (1) above, whose cost is charged to a wholly Imperial head, the Government of India may delegate to an authority subordinate to a Provincial Government powers not exceeding those referred to in clause (2) of this rule.

NOTE 1. — The limits of pay and allowances, etc., mentioned in clauses 1 and 2 of this rule are maximum limits and it is open to the Government of India or a Provincial Government to prescribe lower limits in any particular case.

NOTE 2. — All increases of establishment sanctioned by a subordinate authority with reference to powers delegated to it under this rule should be reported in annual statements to the Provincial Government which should include the cases relating to wholly Imperial establishments in the annual statement which it has to render to the Government of India showing the alterations made by it in such establishments.

### III. ESTABLISHMENTS: TEMPORARY.

3. (1) The Government of India may delegate to an authority subordinate to a Provincial Government the power to sanction (a) temporary appointments, or (b) the deputation on special duty in India of any officer under the control of such authority, for any specified period and subject to the condition that the pay and allowances of the appointment or of the officer shall not exceed Rs. 250 a month.

(2) In the case of establishments whose cost is charged to a wholly Provincial or a Divided head, a Provincial Government may delegate to any authority, subordinate to it, the power to sanction (a) temporary appointments, or (b) the deputation on special duty in India of any officer under the control of the latter, for any specified period and subject to the condition that the pay and allowances of the appointment or of the officer shall not exceed Rs. 100 a month.

(3) The delegation of powers under clauses (1) and (2) will be subject to the following further conditions:

(i) The pay and allowances of any appointment shall not exceed the prescribed rates in cases where such rates have been definitely laid down by a higher authority for any particular class of appointments.

(ii) The pay and allowances of an officer in the service of Government who is appointed to a temporary appointment, and the grant of deputation allowance to an officer deputed on special duty, shall be regulated strictly by the provisions of Articles 78-A and 81 of the Civil Service Regulations and any general orders issued from time to time by the Government of India.

(4) A Provincial Government may delegate to an authority subordinate to it the power to vary details (namely the rates of pay of particular appointments, the number of hands employed, and the period of employment) of any temporary establishments employed under such subordinate authority, subject to the following conditions :

- (i) The cost of a temporary establishment shall not be raised beyond the total amount sanctioned for the establishment by the authority which sanctioned its employment.
- (ii) Where the authority which sanctioned the employment of the temporary establishment is the Provincial Government, the pay and allowances of no appointment shall be raised above such a maximum as the Provincial Government may, by general or special order, fix for this purpose.
- (iii) In other cases, the pay of no appointment shall be raised above the limit of sanction enjoyed by the authority which sanctioned the employment of the temporary establishment.

#### IV. CONTINGENT CHARGES AND PURCHASE OF ARTICLES FOR THE PUBLIC SERVICE.

4. An authority subordinate to a Provincial Government may sanction contingent charges (see chapter 6 of the Civil Account Code) and expenditure on the supply of articles for the public service subject to the provisions of any authorised code and of any orders issued by the Government of India from time to time.

NOTE.—A Provincial Government may treat the pay of sweepers, whether they are whole-time servants or otherwise, as a recurring contingent charge and may adopt a similar course in the case of such other classes of menials, e.g., cooks, syces, grass-cutters, etc., as they may from time to time declare to be ineligible for pension. Rules 2 and 3 of these rules will not apply to such establishments. A Provincial Government may delegate its powers under this note to any authority subordinate to it.

#### V. OTHER EXPENDITURE.

5. A Provincial Government may delegate to an authority subordinate to it power to sanction (a) recurring expenditure not exceeding Rs. 200 a year, or (b) non-recurring expenditure not exceeding Rs. 1,000 in any individual case, on any object for which no scale or limit to the latter's power of sanction is prescribed in these rules or in the Civil Service Regulations and other authorised codes; provided that the sanction does not involve an express contravention of an existing rule or order of the Government of India, and that the expenditure is within the power of sanction of the Provincial Government.

#### VI. REAPPROPRIATION OF BUDGET GRANTS.

6. (1) The powers of sanction of an authority subordinate to a Provincial Government are subject to the general condition that any expenditure sanctioned by it must be met from grants placed at its disposal to meet the particular class of expenditure, or by reappropriation under clause (2) of this rule.

(2) A Provincial Government may delegate to any authority subordinate to it power to sanction reappropriation of savings in the sanctioned grants under the control of such authority, subject to the following fundamental limitations :

- (1) The total of the grants under its control shall not be exceeded.
- (2) Savings under salaries shall not be reappropriated to other classes of expenditure.
- (3) Savings on non-recurring expenditure under Supplies, and Services, Contingencies and other detailed heads shall not be reappropriated in order to provide for additional recurring expenditure under Salaries, Establishment or on any other account.

#### VII. SPECIAL.

7. A Provincial Government may delegate its financial powers to an administrative Department of its secretariat subject to the condition that the powers so delegated shall not exceed those delegated to the corresponding administrative Department of the secretariat of the Government of India.

**DEPARTMENT OF EDUCATION.**

---

**NOTIFICATIONS.****ECCLESIASTICAL.**

*Simla, the 19th July, 1917.*

**No. 237.**—The Governor-General-in Council is pleased to direct that the undermentioned alterations shall be made in the Ecclesiastical rules published with the Department of Education notification no. 212, dated the 10th May 1913:—

To Rule 1 (5) in Part I *add* the following:—

“Local Governments and Administrations including the Director-General of Military Works Services may, however, sanction works in cemeteries attached to churches, and in cemeteries the expenditure on which is Imperial, up to a limit of Rs. 1,500 at one time when the works are administered under these rules.” Also *delete* the words “under the Home Department orders nos. 49-65, dated the 8th February 1907”, and “under the Home Department orders nos. 58-71, dated the 18th February 1909,” in this rule and in rule 2 in Part V.

For the existing rule 23-A., in Part V and the note to it *substitute* the following :—

“ 23-A. Local Governments and Administrations including the Director-General of Military Works Services may sanction an original work including additions and alterations required for an existing Government church up to a limit of Rs. 1,500 at one time, provided that the total expenditure on the church does not exceed the total grant permissible under the rules in Part V. They are also authorised to incur, when necessary, expenditure in excess of that permissible under or not covered by the preceding rules on additions and alterations to a Government church or to a building subsidiary thereto, subject to a maximum aggregate of Rs. 500 in each case.

“ *Note.*—The second sentence of this rule has effect from the 11th September 1910. Local Governments may also sanction such expenditure up to the limit mentioned above, even if the permissible grant had been exceeded prior to that date irrespective of the amount of such excess.”

Also *add* the rule below :—

“ 23-B. The Government of India are authorised to sanction expenditure on the erection or alteration of a church which is either in excess of the permissible limit, or is not covered by the rules, subject to a limit of Rs. 1,500 for any one church.”

To rule 27 in Part V *add* the following :—

“Local Governments and Administrations including the Director-General of Military Works Services may sanction proposals relating to the renewal and repairs of furniture and articles of service which are admissible under this rule.”

*The 26th July, 1917.*

**No. 246.**—The Reverend Charles Robert Bathurst, M.A., a junior chaplain on the Bengal (Rangoon) Ecclesiastical Establishment is permitted to resign the service, with effect from the 14th June 1917.

His Majesty the KING has been graciously pleased to approve of the award of the Victoria Cross to the undermentioned officers, non-commissioned officers and men :—

*	*	*	*	*	*	*	*
Maj. George Campbell Wheeler, Gurkha Rifles. Ind. Army.							

For the most conspicuous bravery and determination.

This officer, together with one Gurkha officer and eight men, crossed a river and immediately rushed the enemy's trench under heavy bombing, rifle, machine gun, and artillery fire.

Having obtained a footing on the river bank, he was almost immediately afterwards counter-attacked by a strong enemy party with bombers. Major Campbell Wheeler at once led a charge with another officer and three men, receiving a severe bayonet wound in the head, but managed, in spite of this, to disperse the enemy.

This bold action on his part undoubtedly saved the situation.  
In spite of his wound, he continued to consolidate his position.

\* \* \* \* \*

His Majesty the KING has been graciously pleased to approve of the appointments of the undermentioned officers to be Companions of the Distinguished Service Order in recognition of their gallantry and devotion to duty in the field :—

\* \* \* \* \*

\*Capt. Charles Robert Senhouse Pitman, M C, Ind. Army.

For conspicuous gallantry and devotion to duty when in command of a raiding party. In spite of the most difficult conditions he succeeded in landing and reorganising his party. He inflicted much damage on the enemy and brought back a trench mortar. It was owing to his coolness and good leading that the object of the raid was achieved and the whole party withdrawn with but few casualties.

\* \* \* \* \*

\*2nd Lieut. Robert Tor Russell, I.A.R.O.

For conspicuous gallantry and devotion to duty in charging the enemy's trench, which was strongly held. He then led a bombing attack and cleared 200 yards of the trench. Later, he maintained his position for four hours, when reinforcements arrived.

\*Capt. Claude Innes Shepherd, Ind. Army.

For conspicuous gallantry and devotion to duty during an enemy counter-attack. He rallied men who were without leaders, and by his personal example and leading saved a difficult situation. He was wounded in three places.

\* \* \* \* \*

His Majesty the KING has been graciously pleased to confer the Military Cross on the undermentioned officers and warrant officers in recognition of their gallantry and devotion to duty in the field :—

\* \* \* \* \*

\*2nd Lieutenant Frank Addison Adlard, I.A.R.O.

For conspicuous gallantry and devotion to duty. He towed several pontoons which had drifted down stream back to the landing place under very heavy fire. He was severely wounded.

\*2nd Lt. James Dykes Aitkenhead, I.A.R.O.

For conspicuous gallantry and devotion to duty. He went forward with a party on to an open beach under heavy fire, and successfully distributed his men to their various boats. He was severely wounded.

\* \* \* \* \*

\*2nd Lt. William Sidney Baker, I.A.R.O.

For conspicuous gallantry and devotion to duty. He forced an enemy machine gun team to withdraw. He then collected a Lewis gun team and some bombers, built a block, and drove off two enemy counter-attacks. He set a splendid example to his men.

\* \* \* \* \*

\*Temporary Lieut. A. Yeshwant Dabhoikar, I.M.S.

For conspicuous gallantry and devotion to duty. Although himself wounded, he displayed great courage and determination in tending wounded men under heavy fire. He set a splendid example to those around him.

\*Temporary Lieut. Erach Ruttonji Daboo, I.M.S.

For conspicuous gallantry and devotion to duty. He went forward at great personal risk and dressed many wounded men under very heavy fire. He was himself wounded.

\* \* \* \* \*

\*Capt. Dudley MacNeil Evans, Ind. Army.

For conspicuous gallantry and devotion to duty. Although wounded early in the action, he continued to command the firing line for five hours under heavy fire. He has previously done fine work.

\* \* \* \* \*

\*2nd Lt. Stephen Deiniol Gladstone, I.A.R.O.

For conspicuous gallantry and devotion to duty. He led his men in the most gallant manner, and maintained his position for four hours. He undoubtedly saved a critical situation.

\* \* \* \* \*

\*2nd Lt. James Wensley Gray, I.A.R.O.

For conspicuous gallantry and devotion to duty. Although wounded in both thighs and the head, he continued to lead his company during the advance along the railway line under an intense and well-directed fire from the enemy's guns.

\* \* \* \* \*

\*2nd Lt. Frank Oswald Harris, I.A.R.O.

For conspicuous gallantry and devotion to duty. He rallied the men of several units under very heavy fire, and materially assisted in repelling an enemy counter-attack. He set a fine example to all ranks.

\* \* \* \* \*

\*Capt. Frank Alan Macartney, Ind. Army.

For conspicuous gallantry and devotion to duty. Although wounded early in the operations, he continued to lead the second wave of the assaulting troops, and showed great courage and coolness in directing his command until he was again wounded. He has previously done fine work.

\* \* \* \* \*

\*2nd Lt. John Moriarty, I.A.R.O.

For conspicuous gallantry and devotion to duty when in command of a raiding party. It was due to his example and able leading in face of heavy rifle and machine gun fire that the raid was successfully carried out at small cost. He was twice wounded.

\* \* \* \* \*

Lt. Ernest Frederick Ogley, Ind. Army.

For conspicuous gallantry and devotion to duty. He assumed command of a party who were sent forward to cut wire and handled a difficult situation with marked ability. He set a fine example to his men.

\* \* \* \* \*

Lt. Eric James Shearer, Ind. Army.

For conspicuous gallantry and devotion to duty. He went forward 200 yards across the open under heavy fire and succeeded in closing a gap in the front line. Later, he carried out a valuable reconnaissance. He has previously done fine work.

\* 2nd Lt. James Tate, I.A.R.O

For conspicuous gallantry and devotion to duty. By keeping a continual flow of reinforcements crossing the river and in arranging the reliefs of the crews, he materially contributed to the successful working of the ferry. He was wounded.

\* \* \* \* \*

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,  
21st July 1917.

**Burma.**—The rainfall during the week was general in Lower Burma, three districts reporting falls exceeding 10 inches. In the wet zone of Upper Burma good rain fell but in the dry zone the fall was generally light. Agricultural operations for winter rice are progressing satisfactorily in Lower Burma and in irrigated tracts of Upper Burma. The general agricultural outlook is satisfactory except in the dry zone where recent rain has slightly improved the situation. Cattle are generally healthy. The price of unhusked rice at Rangoon has fallen to Rs. 96 per hundred baskets and is much below normal. The market for white rice is quiet.

**Assam.**—The weather is seasonable and generally favourable to standing crops. Harvesting of autumn rice, jute and Khasi potatoes, transplantation of winter rice and manufacture of tea continue. Sowing of winter rice seedlings is approaching completion. The outturn of autumn rice and tea is fair to good and of jute fair. Prospects of standing crops are, on the whole, fair. Cattle disease is reported from five districts. The price of common rice is practically stationary.

**Bengal.**—During the week light to moderate rain fell generally throughout the Province. More rain is wanted in a number of districts for the transplantation of winter rice. Harvesting of autumn paddy and jute is proceeding in eastern Bengal while weeding continues in western Bengal. The condition and prospects of jute, paddy and other standing crops are, on the whole, good. Reports of damage by insect pests have been received from parts of Nadia, Murshidabad and Hooghly. Scarcity of fodder still prevails in parts of the 24-Parganas, Hooghly and Dacca. Cattle disease is reported from eight districts. The average price of common rice for the Province has fallen by about 0.3 per cent. as compared with that of the previous week.

**Bihar and Orissa.**—The rainfall during the week was fairly general over the Province, the fall being mostly light. Weeding of autumn crops is going on. Transplantation of winter paddy is in progress but more rain is wanted for the purpose in some districts. The price of common rice has remained almost stationary as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from several districts. The condition of standing crops in the Feudatory States of Orissa is good.

*The weekly report on scarcity in Singhbhum is as follows:—*In the Kolhan Government Estate the distress is moderate and relief measures are sufficient. The public health is good. The physical condition of the workers is satisfactory. The average price is 5½ seers per rupee. The number of persons on test works was 372.

**United Provinces.**—The rainfall has again been light in the Upper Doab. In the Central Doab, Bundelkhand and the western districts the situation has somewhat eased as only a few places report the need for more rain. Rain has also been deficient in parts of the south of Oudh and the lower Doab and in the southeastern districts. Altogether more rain is wanted in seventeen districts of the Provinces. Weeding and sowing of autumn crops, irrigation and hoeing of sugarcane and ploughing of fields for spring crops are in progress. Millets have been damaged by insects in the Jalaun and Hamirpur districts. Slight damage by floods is reported from Bangaon in the Gorakhpur district. The condition of standing crops is generally good. Prospects are on the whole fair. Agricultural stock is in a satisfactory condition though cattle disease has shown no decrease. Fodder and water are everywhere sufficient. There is no marked fluctuation in prices.

**Punjab.**—Light or moderate rain fell in parts of all the reporting districts except Ferozepore, Lahore and Amritsar. It was beneficial to standing crops and autumn sowings. More rain is wanted. Sowings of autumn crops continue and are generally normal. The condition of irrigated standing crops is generally good and of unirrigated average. Cattle are healthy and fodder and water for drinking and irrigation purposes are sufficient. Stocks of food grains are sufficient. Prices are stationary and generally range between normal and warning rates. Price of wheat:—Lahore and Rawalpindi 9½ and Ambala, Ferozepore and Lyallpur 10 seers per rupee.

**North-West Frontier Province.**—Slight rain fell during the week in the south. More rain is wanted in the north especially for unirrigated tracts. The weather is hot. The condition of standing crops is average on unirrigated areas except in parts where it is below average. Sowing of autumn crops is in progress. The condition of cattle is generally good. The public health is good. Fodder and water are sufficient. Prices are stationary. The price of wheat in Peshawar is 9½ and in Dera Ismail Khan 10½ seers per rupee.

**Jammu.**—The rainfall during the week was above average. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 24 seers per rupee. The condition of standing crops is average. There is no cattle disease. Fodder is sufficient.

**Kashmir.**—The rainfall during the week was insignificant. Standing crops are in fair condition. Cattle are generally healthy. Water is inadequate. Fodder is sufficient. Prices are normal.

**Rajputana.** The rainfall during the week was general except in Sirohi. The maximum fall was 7 inches 46 cents in Jhalawar. The weather is cloudy and seasonable. Ploughing and sowing are in full swing. The condition of agricultural stock is fair to good. Water and fodder are ample. Prices show a tendency to fall.

**Central India.**—The rainfall during the week was general. The principal falls were over 5 inches in Garot, over 3 inches in Indore City and Bundelkhand, over 2 inches in Mehidpur, Dhar, Barwani and Manpur and over 1 inch in Kharagpur. The fall was insufficient in the Bhopal Agency, Gwalior Prant in the Gwalior State and Jobat in the Southern State. Autumn crops are being sown and weeded except in the Gwalior Prant where agricultural operations have been restricted for want of more rain. Standing crops are in good condition. Agricultural stock is in good condition except for some cattle disease. The fodder supply is sufficient. Prices are high in Bhopal and steady elsewhere.

**Central Provinces.**—The weather has been seasonable. Moderate to heavy rain was received throughout the Provinces. The heaviest quantity registered at headquarters was 9 inches. Sowings of autumn crops are well advanced and germination is generally satisfactory. Transplantation continues in the rice districts. Fodder is sufficient and cattle are in good condition. Prices remained fairly stationary but show a slight downward tendency.

**Feudatory States.**—Ample rain fell in the States. Sowings continue and germination is good.

**Bombay.**—The rainfall during the week was good in Gujarat, the Konkan, and the West Deccan and moderate elsewhere. No rain was received in Sind. More rain is generally needed for sowing and transplantation which have been retarded in parts of the Deccan and the Karnatak where sufficient moisture is not available. Elsewhere agricultural operations are progressing. Seedlings have been damaged slightly by grasshoppers in parts of the Upper Sind Frontier and Kathiawar and by rats and grasshoppers in Thar and Parkar. They are withering in parts of Larkana, Karachi, Sukkur, Nasik, Ahmednagar, Poona and Satara and are in good condition elsewhere. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Sind and the Panch Mahals. Prices of food grains are generally steady.

**Hyderabad.**—The rainfall during the week was general. It was fair to good. The highest fall was 8 inches 65 cents in Paikal. The average fall was 2 inches 95 cents. Sowings of autumn crops have been resumed and the crop is in fair to good condition. Lands for the early rice crop are being prepared and sown. Cattle disease is reported from seven talukas. Prices of grains :—Wheat 6½, coarse rice 6½ and *juar* 10½ seers per rupee. Coarse rice is selling at 8 seers and white *juar* at 11 seers per rupee in Hyderabad city. The highest price of *juar* in districts is 7 seers per rupee in Bidar and the lowest 16 seers per rupee in Bir.

**Mysore.**—The rainfall during the week was good in Hassan, Kadir and Shimoga and light to fair elsewhere. The price of rice has risen slightly in Tumkur and Mysore and fallen in Chitaldrug and that of *ragi* has fallen in Tumkur and Chitaldrug. Markets are well supplied. Sowing of *ragi* and paddy is in progress in parts. Standing crops are in good condition. Prospects of the season are generally good. More rain is needed in the greater part of the State. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Rainfall 8 inches 61 cents. Ploughing for rice continues. Transplantation of rice has commenced. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was very heavy in south Kanara, heavy in Malabar and Cochin, good in the Circars, Bellary, Chingleput and the Nilgiris, *nil* in Sandur and Trichinopoly and light to fair elsewhere. Standing crops are in fair to good condition generally but rain is required in parts of four districts. Harvesting of paddy and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Anantapur, Nellore, South Arcot, Central and South. Pasture is insufficient in three districts and in parts of five others. Fodder is generally available. Prices are steady.

**RESOLUTION**—By the Government of India, Finance Department.

The rules defining the powers of Provincial Governments to sanction expenditure were published as an annexure to the Resolution of the Government of India in the Finance Department No. 351-E. A., dated the 24th July 1916, and

the rules limiting the extent to which the powers of Provincial Governments might be delegated to subordinate authorities have been similarly issued with Resolution No. 352-E.A., dated the 25th July 1917. With the sanction of the Secretary of State, the Government of India have now framed similar rules (a) defining the powers of Minor Local Governments as defined in part I of the annexure and (b) providing for the delegation of powers to authorities subordinate to them. These rules are appended as an annexure to this Resolution.

2. In Resolution No. 352-E.A., dated the 25th July 1917 cited above the general principles underlying the scheme of delegation have been explained and the rules now published should be read in the light of these explanations. It must be clearly understood that the promulgation of these rules in no way affects the administrative control of the supreme Government who retain unimpaired the right to issue directions to local Governments as to the exercise of the powers vested in them.

Ordered that this Resolution be communicated to all local Governments and Administrations ; to the several Departments of the Government of India (including the Financial Adviser, Military Finance) ; to the Heads of Departments subordinate to the Finance Department ; to the Comptroller and Auditor General (with a copy of the correspondence with the Secretary of State on the subject) ; to all Accountants General and Comptrollers ; to all Examiners and Government Examiners of Railway Accounts ; to the Examiner of Accounts, Military Works Services ; to the Audit Officer, Delhi Province ; and to the Examiner, Government Press Accounts.

Ordered also that the Resolution be published in the *Gazette of India*.

## ANNEXURE TO THE RESOLUTION.

### I.

#### RULES DEFINING THE FINANCIAL POWERS OF MINOR LOCAL GOVERNMENTS.

##### *Definition.*

A Minor Local Government is a Local Government with which a regular or quasi-provincial settlement has not been concluded. The term "regular Provincial settlement" as here used includes settlements made on a provisional basis pending the subsequent introduction of a permanent settlement.

##### *I.—General.*

1. A Minor Local Government may sanction (1) expenditure from general revenues or (2) advances of public money only in cases where authority is given by these rules, or by :—

- (a) The provisions of any Act of the Legislature or of rules framed under such an Act.
- (b) Any rule in the Civil Service Regulations, the Civil Account Code, or any other code issued by, or with the approval of, the Government of India.
- (c) Any order of the Government of India delegating to it financial powers with reference to the provisions of a statute, or to rules approved by, or an order of, the Secretary of State.
- (d) Any order of the Government of India laying down a scale or maximum scale of expenditure.

##### *II.—Establishments.*

##### *(a) Permanent.*

2. A Minor Local Government may sanction the creation or abolition of permanent appointments, the raising or reduction of the pay and allowances of

sanctioned permanent appointments or of officers, and the revision of permanent establishments, subject to the following conditions :—

- (1) No appointment may be created or abolished which would ordinarily be held by a gazetted civil officer recruited in England, or by an officer of an Imperial service as defined in Article 29-B, Civil Service Regulations, and the pay and allowances of no such appointment or officer may be raised or reduced.
- (2) No appointment may be abolished the pay and allowances of which exceed Rs. 500 a month, nor may any reduction be made in the pay and allowances of an appointment or of an officer in cases where they exceed Rs. 500 a month.
- (3) When the additional cost involved can be met by permanent savings in the same department, or in some other department charged to the same major head of account, a Minor Local Government may—
  - (a) Create individual appointments the pay and allowances of which do not exceed Rs. 500 a month, or make an addition to the pay and allowances of an appointment or an officer, if such addition does not have the effect of raising the total pay and allowances of the appointment or of the officer to an amount in excess of Rs. 500 a month.
  - (b) Sanction the revision of establishments subject to the provisions of clause (3) (a) of this rule and to the condition that no class or grade of officers may be dealt with as a whole.
- (4) When the additional cost involved cannot be met as indicated in clause (3) of this rule, but can be met by re-appropriation from budget grants at its disposal as provided in Rule 10 (2), it may—
  - (a) Create individual non-gazetted appointments the pay and allowances of which do not exceed Rs. 50 a month or make an addition to the pay and allowances of a non-gazetted appointment or officer, if such addition does not have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 50 a month.
  - (b) Sanction the revision of non-gazetted establishments subject to the provisions of clause (4) (a) of this rule and to the condition that the additional expenditure involved does not exceed Rs. 3,000 a year.

NOTE.—All increases of establishment sanctioned under this rule should be reported to the Government of India in the Finance Department in annual statements. The sanctions may be held to have been confirmed unless exception is taken to any of them by the Government of India in the Finance Department on a review of the statements.

#### (b) *Temporary.*

3. A Minor Local Government may sanction the creation of temporary appointments, and the deputation of officers in India on special duty—

- (a) For any specified period, if the pay and allowances of the appointment or of the officer do not exceed Rs. 250 a month.
- (b) For not more than six months if the pay and allowances of the appointment or of the officer exceed Rs. 250 a month, but do not exceed Rs. 1,500 a month.

#### III.—*Contingent charges and purchase of articles for the public service.*

4. A Minor Local Government may sanction contingent charges (see chapter 6 of the Civil Account Code) and expenditure on the supply of articles for the public service subject to the provisions of any authorised code and of any orders issued by the Government of India from time to time.

NOTE.—A Minor Local Government may treat the pay of sweepers, whether they are whole-time servants or otherwise, as a recurring contingent charge and may adopt a similar course in the case of such other classes of manual, e.g., cooks, syces, grass cutters, etc., as it may from time to time declare to be ineligible for pension. Rules 2 and 3 of these rules will not apply to such establishments.

---

*IV.—Other Expenditure.*

5. A Minor Local Government may sanction expenditure on (1) grants-in-aid or contributions to educational and medical institutions and to local bodies and (2) educational scholarships, subject in both cases to the provisions of any authorised code and to any orders issued by the Government of India from time to time.

6. A Minor Local Government may sanction:—

- (1) Reduced political pensions to heirs or other representatives of existing pensioners in cases in which it is already authorised to do so, and in accordance with the practice explained in the Financial despatch from the Government of India to the Secretary of State, No. 222, dated the 9th September 1909.
- (2) New political life pensions up to a limit of Rs. 200 a year in each case.
- (3) Increases in existing political life pensions, provided that in no case is the total pension thereby raised beyond Rs. 200 a year.
- (4) Political gratuities not exceeding Rs. 1,000 in any one case.
- (5) Non-recurring expenditure on behalf of political pensioners, such as grants towards the funeral expenses of deceased pensioners, the provision of dowries for daughters, allowances to meet the expense of proceeding under orders of competent authority from one locality to another, and expenditure on other than ordinary repairs (as for example the installation of electric lights and fans) in connection with the residences with which pensioners are provided in certain cases at the cost of the State, if the amount does not exceed, in any case, Rs. 1,000.

*Definition.*—Political pensions and gratuities are pensions and gratuities granted to non-officials whose service, descent or connections are such that it is on general grounds of policy very desirable that the Government should extend to them some measure of assistance or recognition.

NOTE 1.—It is not permissible to grant a pension and a gratuity to the same individual under clauses (1), (2), (3) and (4) of this rule.

NOTE 2.—A Minor Local Government may sanction expenditure on the ordinary maintenance of residences provided for pensioners at the cost of the State, subject to the rules in the Public Works Department Code.

7. A Minor Local Government may:—

- (1) Sanction an original work, including additions and alterations, required for an existing church, up to a limit of Rs. 1,500 at one time, provided that the total expenditure on the church does not exceed the total grant permissible under the rules in part V of the Ecclesiastical Rules embodied in Appendix 10 of the Public Works Department Code.
- (2) Sanction works in cemeteries attached to churches, and in cemeteries the expenditure on which is Imperial, up to a limit of Rs. 1,500 at one time, when the works are admissible under the Ecclesiastical Rules embodied in Appendix 10 of the Public Works Department Code.
- (3) Sanction additions and alterations to chaplains' quarters, provided that the expenditure does not exceed the limit laid down in paragraph 517-IV of the Public Works Department Code.
- (4) Sanction proposals relating to the renewal and repair of furniture and articles of service in churches which are admissible under rule 27 in part V of the Ecclesiastical Rules embodied in Appendix 10 of the Public Works Department Code.

- (5) Sanction ecclesiastical expenditure in excess of that permissible under, or not covered by, the rules in part V of the Ecclesiastical Rules embodied in Appendix 10 of the Public Works Department Code, on additions or alterations to a church which is the property of Government under rule 32 of those Rules, or to a building subsidiary thereto, up to a maximum aggregate of Rs. 500 in the case of any one church.

8. A Minor Local Government may sanction (a) recurring expenditure not exceeding Rs. 200 a year, or (b) non-recurring expenditure not exceeding Rs. 1,000, in any individual case, on any object for which no scale or limit to its power of sanction is prescribed in these rules, or in the Civil Service Regulations and other authorised codes, provided that the sanction does not involve an express contravention of an existing rule or order of the Government of India, and that the expenditure is within the power of sanction of the Government of India.

9. A Minor Local Government may in individual cases and for special reasons which should be communicated to the audit officer :—

- (i) Grant an officiating officer a higher salary than is authorised by the codes subject to a maximum limit of Rs. 100 a month and subject to the condition that his salary must not exceed the pay of the officer for whom he acts.
- (ii) Relax the conditions or limitations prescribed by any rule in any authorised code without contravening its general spirit, so as to grant an officer travelling allowance not exceeding Rs. 1,000 in any case, in cases where no travelling allowance is admissible under a strict interpretation of the rule.
- (iii) In cases not coming under (i) and (ii), relax the conditions or limitations prescribed by any rule in an authorised code or by an order of the Government of India without contravening its general spirit subject to the condition that the total amount payable under the sanction does not exceed Rs. 1,000 in any case.

**NOTE.**—All sanctions given under this rule must be subject to the condition that the expenditure is within the power of the Government of India to sanction and does not require a reference to the Secretary of State. Each such sanction must, moreover, quote the appropriate provision of the present rule for the information of the audit officer concerned.

#### *V.—Re-appropriation of Budget Grants.*

10. (1) The powers of sanction of a Minor Local Government are subject to the general condition that any expenditure sanctioned by it must be met from the provision made in the Budget for the particular class of expenditure or by re-appropriation under clause (2) of this rule.

(2) A Minor Local Government may sanction re-appropriation of savings in sanctioned grants subject to any restrictions that may be imposed by the Government of India from time to time and to the condition that the total grant placed at its disposal in the sanctioned Budget of the Administration is not exceeded.

## II.

### RULES DEFINING THE FINANCIAL POWERS OF AUTHORITIES SUBORDINATE TO MINOR LOCAL GOVERNMENTS.

1. An authority subordinate to a Minor Local Government may sanction (1) expenditure from general revenues or (2) advances of public money, only in cases where authority is given to do so by these rules, or by :—

- (a) The provisions of any Act of the Legislature or of rules framed under such an Act.

- (b) Any rule in the Civil Service Regulations, the Civil Account Code or any other code issued by, or with the approval of, the Government of India.
  - (c) Any order of a competent superior authority delegating to it financial power with reference to the provisions of a statute, or to rules approved by, or an order of, the Secretary of State.
  - (d) Any order of a competent superior authority laying down a scale or maximum scale of expenditure.
2. The Government of India may delegate to any authority subordinate to a Minor Local Government any financial powers not exceeding those which the Government of India or a Provincial Government are competent to delegate to authorities subordinate to a Provincial Government.
3. Any authority subordinate to a Minor Local Government may sanction contingent charges (see Chapter 6 of the Civil Account Code) and expenditure on the supply of articles for the public service subject to the provisions of any authorised Code and of any orders issued by a superior authority from time to time.
4. (1) The powers of sanction of an authority subordinate to a Minor Local Government are subject to the general condition that any expenditure sanctioned by it must be met from grants placed at its disposal to meet the particular class of expenditure or by re-appropriation under clause (2) of this rule.
- (2) A Minor Local Government may delegate to any authority subordinate to it power to sanction re-appropriation of savings in the sanctioned grants of the branch or branches of the administration which such authority controls, provided that :—
- (i) The total of the grants under its control shall not be exceeded.
  - (ii) Savings under " Salaries " shall not be re-appropriated to meet other classes of expenditure.
  - (iii) Savings on non-recurring expenditure under " Supplies and Services " " Contingencies " and other detailed heads shall not be re-appropriated in order to provide for additional recurring expenditure under " Salaries," " Establishment " or on any other account.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,  
28th July 1917.

**Burma.**—The rainfall during the week was general and mostly heavy in Lower Burma particularly on the Arakan coast. Akyab, Kyaukpau and Sandoway report falls exceeding 33, 20 and 21 inches respectively. In the dry zone of Upper Burma very little rain fell but in the wet zone the fall was moderate. Agricultural operations for the main rice crop are progressing satisfactorily in Lower Burma and in irrigated tracts of Upper Burma. Agricultural prospects are good except in the dry zone of Upper Burma where rain is urgently needed. Live stock is generally healthy. The price of unhusked rice at Rangoon has risen slightly to Rs. 100 per hundred baskets but is still much below normal. The market for white rice is dull.

**Assam.**—The weather is seasonable and generally favourable to standing crops. Harvesting of autumn rice, jute and Khasi potatoes, manufacture of tea and transplantation of winter rice continue. Sowing of winter rice seedlings has been practically finished. The outturn of autumn rice, jute and tea and prospects of other standing crops are fair to good. Cattle disease is reported from six districts. The price of common rice is practically stationary.

**Bengal.**—During the week moderate to heavy rain fell generally all over the Province. Transplantation of winter paddy continues briskly. Autumn paddy and jute are being harvested in eastern Bengal. In western Bengal weeding of the crops is nearly over. Harvesting has commenced in places. The condition and prospects of paddy, jute, sugarcane and other standing crops are, on the whole, good. Damage to jute crops in varying degrees either by heavy rain, insect pests or flood is reported from parts of the 24-Parganas, Nadia, Murshidabad, Khulna, Midnapore and Mymensingh. Cattle disease exists in nine districts. The average price of common rice for the Province has fallen by about 0.7 per cent as compared with that of the previous week.

**Bihar and Orissa.**—The rainfall during the week was general over the Province, the fall being heavy in parts of Bihar and Chota Nagpur but generally light in Orissa. The recent rainfall has facilitated the transplantation of winter paddy which is going on. More rain is, however, wanted for the operation in parts of Orissa. Weeding of autumn crops continues. Standing crops are doing well. The price of common rice has risen in five districts and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder and water is sufficient. Cattle disease is reported from thirteen districts. The condition of standing crops in the Foundatory States of Orissa is good.

*The weekly report on scarcity in the Kolhan Government Estate of Singhbhum and on distress in the Chilka tracts of Puri is as follows:*—The number of persons on test works in Singhbhum was 367 and in Puri 732. The average price was 8½ seers per rupee in Singhbhum and 10½ seers per rupee in Puri. The distress is moderate. Relief measures are sufficient. The public health is good. The physical condition of the workers is satisfactory.

**United Provinces.**—During the week good and general rain has fallen throughout the Province. Sowing of autumn crops is still going on in places and weeding continues. Fields are being prepared for winter crops. Transplantation of rice is in progress. Sugarcane is doing well. Other standing crops are also flourishing and prospects are generally good. The condition of agricultural stock is satisfactory though some cattle disease still continues. Fodder and water are ample everywhere. Prices show a light tendency to fall.

**Punjab.**—During the week heavy rain has fallen in parts of the south, east and submontane tracts and light to moderate rain elsewhere. It has been useful for standing crops and for sowings. More rain is urgently needed in some districts. Sowings of autumn crops continue and are generally normal. The condition of standing crops is average to good. Cattle are healthy and fodder and water for drinking and irrigation purposes are sufficient. Stocks of food grains are sufficient. Prices are stationary and generally range between normal and warning rates. Price of wheat:—Lahore and Rawalpindi 9½, Ambala 9½ and Ferozepore and Lyallpur 10 seers per rupee.

**North-West Frontier Province.**—Slight rain fell during the week in Bannu. More rain is wanted in Peshawar especially for unirrigated tracts. The weather is hot and cloudy. The condition of standing crops is average on irrigated but below average on part of unirrigated areas. Sowing of autumn crops is in progress. The Pahrpur Canal is running.

The condition of cattle is good. Fodder and water are sufficient except in Peshawar where fodder is insufficient in parts. Prices are stationary. Wheat sells in Peshawar at  $9\frac{1}{4}$  and in Dera Ismail Khan at  $10\frac{1}{2}$  seers per rupee.

**Jammu.**—Good rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 11 to 24 seers per rupee. The condition of standing crops is average. There is no cattle disease. Fodder is sufficient.

**Kashmir.**—The rainfall was good in Muzaffarabad and insignificant elsewhere. Standing crops are in fair condition. Cattle are generally healthy. Fodder is sufficient but water is inadequate. Prices are normal.

**Rajputana.**—The rainfall was general except in Jaisalmer where crops are withering for want of rain. The maximum fall was 12 inches 28 cents in Jhalawar. The weather is cloudy and seasonable. Ploughing and sowing are in full swing. Standing crops are in good condition. Some damage by insects and rain is reported in Shabpara, Ajmer-Merwara, Sirohi and Tonk. The condition of agricultural stock is fair to good. Water and fodder are ample. Prices are falling.

**Central India.**—The rainfall during the week was general. The principal falls were over 12 inches in Bundelkhand, over 5 inches in Bagli, over 4 inches in Kannod, Dewas (Senior) and Dhar, over 3 inches in Dewas (Junior), Jhabua and Alirajpur, over 2 inches in Barwani and Maanpur and over 1 inch in Indore City, Mehidpur, Kibargon, Garot, Sailana, Jaora and Rutlam. The rainfall was insufficient in the Kukshi pargana of the Dhar State. Autumn crops are being sown and weeded. Land for spring crops is being prepared in places in Malwa. Standing crops are in fair to good condition. Some damage has been done by insects and heavy rain in places in the Gwalior State and in the Bhopal, Bundelkhand and Malwa Agencies. Agricultural stock is in good condition except for some cattle disease. The fodder supply is sufficient. Prices are high in Bhopal and steady elsewhere.

**Central Provinces.**—Light to moderate rainfall has been general over the Province, ranging from 34 cents in Ninar to 4 inches in Chanda. Sowings of autumn crops are approaching completion and germination is good. Transplantation and thinning of rice are proceeding. Fodder is adequate and agricultural stock is in good condition. Prices of food grains continue to show a slight downward course.

**Feudatory States.**—Moderate to heavy rain fell in the States. Agricultural operations are in full swing and crops are flourishing.

**Bombay.**—Good rain fell during the week throughout the Presidency Proper except the eastern portions of the Deccan and the Karnatak where more rain is needed for sowing and transplantation which are retarded. Elsewhere the operations are progressing. Seedlings are in good condition except for slight damage by insects in parts of Palanpur. They are suffering for want of moisture in parts of east Deccan. The fodder supply is adequate. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Sind and the Panch Mahals. Prices of food grains are generally steady.

**Hyderabad.** The rainfall during the week was generally fair to good. It was excessive in parts of five districts. The highest fall was 9 inches 40 cents in Bodhan. Autumn sowings continue. The crop is fair to good and is being weeded. Early rice lands are being prepared and sown. Spring lands are being prepared in parts. Cattle disease is reported from six taluqs. Prices of grain:—Wheat  $6\frac{1}{4}$ , coarse rice  $6\frac{1}{4}$ , jawari  $10\frac{1}{4}$  seers per rupee. Coarse rice is selling at  $7\frac{1}{2}$  seers and white jawari at 12 seers per rupee in Hyderabad city. The highest price of *juar* in districts is 7 seers per rupee in Bidar and the lowest 16 seers per rupee in Bir.

**Mysore.**—The rainfall was good in Kadur, Shimoga and Hassan, and light elsewhere. The price of rice has fallen in Tumkur. Markets are well supplied. Sowing of *ragi*, paddy and sugarcane is in progress in parts. Standing crops are in fair condition. Prospects of the season are generally good but more rain is needed in parts of the State. Cattle are generally healthy. Water and fodder are available.

**Coorg.**—Rainfall 7 inches 84 cents. Ploughing for and transplantation of rice continue. Prices of food grains are high. The public health is fair. Water and fodder for cattle are sufficient.

**Madras.**—The rainfall during the week was very heavy in Godavari, Malabar, South Kanara and Cochin, heavy in Kistna, Travancore and the Nilgiris, good in Ganjam, Vizagapatam, Guntur, Sandur, Chingleput and Madras, *nil* in Madura and Ramnad and light to fair elsewhere. Standing crops are in fair to good condition generally but rain is required in parts of seven districts. Harvesting of paddy and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Ganjam, Bellary, Anantapur, Carnatic except Chingleput, Central and South. Pasture is insufficient in three districts and in parts of six others. Fodder is generally available. Prices are steady.

All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No 777-79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

### CESSATION OF EXCLUSIVE PRIVILEGES.

The public are warned that entries under this heading must not be accepted as final, as under the provisions of Rules 9 and 11 of "The Indian Patents and Designs (Temporary) Rules, 1915," the Controller may extend the time prescribed by the Indian Patents and Designs Act, 1911, and by the Inventions and Designs Act, 1888, for paying the necessary renewal fees.

The Patent Office will supply on request definite information, so far as possible, as to the position of any particular Patent or Exclusive Privilege.

**NOTICES.****THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.**

**Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.**

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911, the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

HIS EXCELLENCY the Commander-in-Chief's Special India Army Order, dated the 10th August 1917.

Special Order of the day dated the 10th August 1917, by His Excellency General Sir Charles Monro, G.C.M.G., K.C.B., Commander-in-Chief in India—On the dispersion of the Waziristan Field Forces, the Commander-in-Chief desires to express to all ranks his satisfaction at the manner in which the operations against the Mahsuds have been brought to so speedy and successful a termination. This result has been due to the skilful manner in which the operations were conceived and carried out by the Generals in command—to the intimate co-operation between the arms engaged but above all to the pluck and determination displayed by the troops, combatant and non-combatant, British and Indian, the Frontier Militias and Constabulary and our gallant allies, the Nepalese Contingent.

There were many obstacles to be overcome in a climate and under conditions of the most trying description—but they were overcome in a manner worthy of the best traditions of the British Army. For the first time the tribesmen on this part of the Frontier have felt the power of the Royal Flying Corps which carried out its duties with the dash and daring to which the army has become accustomed. It gives the Commander-in-Chief great pleasure to associate in this order the Political Officers on the Staffs of the Forces to whom his thanks are due for the tact and firmness which have so largely contributed to a successful and speedy settlement and for the generous manner in which they placed their own residences at the disposal of the sick and wounded.

The Railway, Telegraph and Postal Departments were subjected to a severe strain, and it was due to their resource and devotion to duty that the requirements of the Forces were always met.

In conclusion the Commander-in-Chief, on behalf of the Army, gratefully acknowledges the assistance given by the "Red Cross" and "Comforts for Troops" Societies whose generous efforts did much to alleviate the hardships and ameliorate the trying conditions of a summer campaign on the Frontier.

The Governor General having considered in Council His Excellency the Commander-in-Chief's Special India Army Order, dated the 10th August 1917, which deals with the conclusion of the recent Waziristan Operations, desires cordially to endorse all that the Commander-in-Chief has said in recognition of the excellent work performed by the troops and others concerned in these operations. The Governor General in Council further desires specially to record the thanks of the Government of India to Lieutenant-General Sir A. A. Barrett, K.C.B., K.C.S.I., K.C.V.O., who was in general control of these operations, to Major-General W. G. L. Beynon, C.B., C.I.E., D.S.O., who was in direct command and who was responsible for the admirable execution of the undertaking, to Sir J. S. Donald, K.C.I.E., C.S.I., the Chief Political Officer, and to Mr. J. A. O. Fitzpatrick, C.I.E., who, owing to Sir John Donald's

temporary indisposition, had charge of the negotiations with the Mahsuds at a most critical time and conducted those negotiations with firmness and tact.

**ORDER.**—Ordered that a copy of this Resolution be communicated to the Hon'ble the Chief Commissioner and Agent to the Governor General, North West Frontier Province, Departments\* of the Government of India, the Director General, Indian Medical Service, and Heads of Branches of Army Headquarters for information and necessary action.

## GOVERNMENT OF INDIA.

## DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday,  
4th August 1917.

**Burma.**—During the week good rain was general over most of Lower Burma. Akyab, Arakan Hill Tracts and Tavoy report falls exceeding 18, 16 and 13 inches, respectively. In three other districts the fall was over 10 inches. In the wet zone of Upper Burma the rainfall was good and in the dry zone fair. Agricultural operations for winter rice are progressing satisfactorily in Lower Burma and in irrigated tracts of Upper Burma. Agricultural prospects in the dry zone have somewhat improved owing to recent rains. Elsewhere in Burma the prospects are good. Cattle are generally healthy. The price of unhusked rice at Rangoon has risen slightly to Rs. 101 per hundred baskets but is still much below normal. The market for white rice is steady.

**Assam.**—The weather is seasonable and generally favourable to standing crops. Harvesting of autumn rice and jute, manufacture of tea and transplantation of winter rice continue. The outturn of jute and autumn rice is fair. Prospects of tea, cotton, sugarcane and broadcast winter rice are fair to good. Cattle disease is reported from six districts. The price of common rice shows no sign of variation.

**Bengal.**—During the week moderate to heavy rain was general throughout the Province. Transplantation of winter rice still continues but is nearing completion in some districts. Harvesting of autumn paddy and jute is proceeding. Floods due to rise of rivers are reported from parts of Burdwan, Howrah and Midnapore but the extent of damage has not been ascertained. The condition and prospects of jute and other standing crops are, on the whole, fairly good. Damage by insects to jute continues to be reported from the 24 Parganas, Nadia, Murshidabad, Khulna and Hooghly districts. Cattle disease is reported from five districts. The average price of common rice remained stationary as compared with that of the previous week with just a slight tendency to rise.

**Bihar and Orissa.**—The rainfall during the week was general over the Province, the fall being heavy in Gaya, Hazaribagh, Ranchi and Palamau and in parts of Patna, Shahabad and the Santal Parganas. It was light to moderate in the remaining districts. Weeding of autumn crops continues. Transplantation of paddy is going on but more rain is wanted for the purpose in parts of Bhagalpur, Purnea, Angul and Puri. Heavy rain and floods have caused damage to autumn crops in Patna, Gaya and Shahabad and in parts of Champaran, Monghyr, Hazaribagh and Palamau. The price of common rice has risen in four districts, fallen in three and remained stationary in the remaining districts as compared with that of the preceding week. The supply of fodder is sufficient. Cattle disease is reported from fourteen districts. The condition of standing crops in the Feudatory States of Orissa is good.

*The weekly report on scarcity in the Kolhan Government Estate of Singhbhum and on distress in the Chulka tracts of Puri is as follows:*—The number of persons on test works in Singhbhum was 237 and in Puri 612. The average price was 8½ seers per rupee in Singhbhum and 11½ seers per rupee in Puri. The distress is moderate. Relief measures are sufficient. The public health is good. The physical condition of the workers is satisfactory.

**United Provinces.**—The rainfall during the week was general throughout the Provinces. A break is needed in the Dehra Dun and Hamirpur districts. Weeding of summer crops, transplantation of rice and preparation of fields for winter crops are in progress. Agricultural operations have been retarded in a few places by excessive rain and slight damage by floods to standing crops is reported from parts of the Etah, Badaun, Bahraich, Benares and Ballia districts. Locusts appeared in Partabgarh and did some damage. Sugarcane was slightly damaged by insects in the Jaunpur district. Otherwise the condition of standing crops and of agricultural stock is good and prospects are generally satisfactory. Cattle disease continues. Fodder and water are sufficient. Prices are almost stationary.

**Punjab.**—Light or moderate rain was general during the week. The fall was heavy in parts of a few submontane and western districts. The rain has been generally beneficial but more is wanted in parts of the south, east and west. Sowings of rice, maize, millets and of other autumn crops continue to their normal extent. Sugarcane, cotton and other standing crops are generally in good condition. Cattle are healthy and fodder and water for drinking and irrigation purposes are sufficient. Stocks of food grains are sufficient. Prices are stationary and generally range between normal and warning rates. Price of wheat:—Lahore and Rawalpindi 9½; Ferozepore and Lyallpur 10 and Ambala 10½ seers per rupee.

**North-West Frontier Province.**—During the week rain fell throughout the Province and proved beneficial to crops. Water and fodder are sufficient. The Peshawar Canal is running. The condition of cattle is generally good and that of standing crops is average. The public health is good. The price of wheat in Peshawar is 9½ and in Dera Ismail Khan 10½ seers per rupee.

**Jammu.**—Abundant rain fell during the week. Prices are fluctuating. Wheat sells from 9 to 12 and maize from 12 to 24 seers per rupee. The condition of standing crops is fair. There is no cattle disease. Fodder is sufficient.

**Kashmir.**—The rainfall during the week was good in Muzaffarabad and insignificant elsewhere. Standing crops are in fair condition. Cattle are generally healthy. Prices are normal. Water and fodder are insufficient in Anantnag.

**Rajputana.**—The rainfall during the week was general. The maximum fall was 18 inches 62 cents in Bharatpur. The weather is cloudy and seasonable. Ploughing and sowing still continue. Standing crops are in good condition but need rain in Jaisalmer and in the hilly tracts of Meywar. Some damage by insects and rain is reported from Tonk and Ajmer-Merwara. The condition of agricultural stock is fair to good. Water and fodder are ample. Prices continue to fall.

**Central India.**—The rainfall during the week was general. The principal falls were over 6 inches in Bundelkhand, 3 inches in Alirajpur and Jobat and over 1 inch in Manpur. The rainfall was insufficient in parts of the Barwani State. Autumn crops are being weeded. Standing crops are in fair to good condition. Juar has been damaged by insects in places in the Bhopal Agency. Agricultural stock is in good condition except for some cattle disease. The fodder supply is sufficient. Prices are high in Bhopal and steady elsewhere.

**Central Provinces.**—The weather has been cloudy, the Chhatisgarh districts and Damoh received moderate rainfall but elsewhere the showers were generally light. An opportune break seems to have set in. Autumn sowings are practically completed and germination is successful. Transplantation and thinning of rice continue and weeding is in progress. The condition of crops is generally good and prospects are favourable. There is no deficiency of fodder anywhere. Cattle are in good condition. The price of juar has risen slightly, other variations are irregular.

*Feudatory States* :—Ample rain fell in the states and crops are thriving.

**Bombay.**—The rainfall during the week was good in Konkan and moderate elsewhere. More rain is needed in the Deccan, the Karnatak and Sind. Standing crops have been damaged slightly by grasshoppers in two talukas of Surat and parts of Kathiawar. They are withering in parts of Bijapur, Belgaum and East Deccan and are thriving elsewhere. The fodder supply is adequate except in parts of Nasik and East Khandesh. Agricultural stock is sufficient. Cattle are in good condition. Drinking water is adequate. Water for irrigation is deficient in parts of Sind and Dharwar. Prices of food grains are generally steady.

**Hyderabad.**—During the week the rainfall was slight to fair. The autumn crops are generally fair to good and are being weeded. Early rice is being sown. Lands for spring crops are being prepared. Cattle disease prevails in ten talukas. Prices of grains :—Course rice eight, white juar twelve seers per rupee. Highest price of juar in districts seven seers per rupee in Bidar, lowest sixteen in Bir.

**Coorg.**—The rainfall during the week was one inch 24 cents. Ploughing for rice and transplanting continue. Price of food grains is high. The public health is fair. Water and fodder for cattle are sufficient.

**Mysore.**—During the week the rainfall was light to fair. Prices of food grains are generally steady. Markets are well supplied. Sowing of ragi and paddy is in progress in parts. Standing crops are in fair condition. Prospects of the season are generally good, but more rain is needed. Cattle are generally healthy. Water and fodder are available.

**Madras.**—The rainfall was very heavy in South Kanara, heavy in Malabar and Cochin, good in Ganjam, the Vizagapatam, Agency Godavari, Chingleput, Madras and Coimbatore, nil in Banganapalle and Thiruvelli and light to fair elsewhere. Standing crops are in fair to good condition generally but rain is required in parts of seven districts. Harvesting of paddy and dry crops is proceeding normally with outturn fair to normal generally. Sowings of paddy, sugarcane and dry crops are proceeding normally. The condition of cattle is generally good. The water-supply is insufficient in parts of Ganjam, Bellary, Anantapur, Carnatic except Chingleput, Central and South. Pasture is insufficient in three districts and in parts of six others. Fodder is generally available. Prices have risen slightly.

**Nepal.**—*Report for the quarter ending 15th July 1917.*—The rainfall for the period was 15·98 inches against 19·17 inches for the corresponding period of last year.

*April 1917.*—The second crop of potatoes was dug and the outturn was good. Early rice, Indian corn and chillies were sown.

*May 1917.*—Wheat, barley and peas (small) were harvested in the hills and in the Nepal valley and the outturn was good.

*June 1917.*—Plums and peaches commenced to ripen in Nepal. Transplantation of rice was begun. Millet was sown in the hills.

*July 1917.*—Plums and peaches were gathered in and the crop was plentiful. Pears and apples commenced to ripen. Transplantation of rice was continued. Standing crops of rice, Indian corn and chillies are doing well. The rainfall is satisfactory. The market is well stocked but the prices of foodstuffs are high. The health of live stock is reported to be good.

## Memorandum on the rainfall of June and July and the probable amount during August and September 1917.

## WEATHER IN INDIA DURING JUNE AND JULY.

The Arabian Sea monsoon arrived on the west coast at about the normal date and extended into the central parts of the country with the usual rapidity. The Bay current on the other hand appeared in northeast India nearly two weeks before the usual time, so that in the Punjab and the northwest of the United Provinces the first burst of the rainy season occurred on June 2nd, about three weeks ahead of the average date. In the interior the currents were not so steady as usual, but except for a short interval from June 21st to the 25th there was no extensive break. In July the monsoon, although of about average strength, was very unsteady and breaks in the rains were of frequent occurrence. Despite the absence of cyclonic storms the rainfall was concentrated chiefly in Assam, the United Provinces, east Rajputana and Central India, to the detriment of the greater part of the Peninsula and of northwest India.

The total rainfall of June and July in the plains exceeded the normal by 1.2" or 6 per cent. Its local distribution was also satisfactory; the only subdivisions in which a defect of over 15 per cent occurred were the Bay Islands, the North-West Frontier Province, Baluchistan, Sind, Berar, the Konkan, the Bombay Deccan, and Mysore. On the other hand the aggregate was upwards of 20 per cent in excess in Assam, the United Provinces East, the Punjab East and North, Rajputana, Central India, Hyderabad North and the Madras Coast North.

2. The following tables give for June and July and the total period the actual rainfall, the departure from normal and the percentage departure from normal for the fifteen chief political divisions and thirty-three sub-divisions.

## Conditions affecting the rains of August and September, 1917.

3. The recent data regarding the conditions most likely to have influence on the rains of August and September, 1917, are :—

### *The Argentine Republic and Chili.*

4. In the Argentine pressure was lower than usual by 0.2 mm. in June and higher than usual by 2.1 mm. in July. The information from Santiago (Chili) has not arrived.

### *The Indian Ocean.*

5. *Mauritius*.—Pressure was below normal throughout the period except during the fourth week of July. On the whole there was a defect of .09" in June and of .05" in July.

*Zanzibar*.—Pressure was below the average by .06" in June and by .05" in July. The air movement varied considerably in strength from week to week, and variable winds were recorded in the first week of June and again towards the end of July and beginning of August.

*Seychelles*.—Pressure was in defect by .05" in June and by .04" in July. The air motion was unusually strong except during the first fortnight of July, and variable winds occurred only for a short period.

*Logs of vessels*.—According to the scanty information available variable winds prevailed in the west of the equatorial belt during the third week of June and again from July 4th to 10th.

### *Snowfall in the mountain regions to the north and west of India*

6. (a) From June 1st to July 15th no snow fell in the region around Kabul. At the end of the period some snow was still lying on the Hazarajat, Paghman and Hindu Kush ranges.

(b) In the North-West Frontier Province, according to the available information, snow fell only on the Lowarai pass and on the higher hills in upper Swat, but was slight in amount and melted away quickly. The unmelted residue of the winter accumulations existing at the end of July was almost certainly much below the average depth.

(c) In Kashmir there were only a few light local falls on the higher mountains, and the existing accumulations are markedly below the normal. In Leh the springs away from the glaciers are drying up.

(d) In the Punjab Himalayas there were occasional light falls in the Kulu hills down to 13,000 feet. No snow fell in the Chamba and Simla hills. At the present time snow is reported to be lying lower than usual on the hills in Chamba, but elsewhere the accumulations are distinctly in defect.

(e) In the Garhwal and Almora hills snowstorms were as usual of occasional occurrence. The present accumulations are probably of about usual thickness in the former locality and below the average in the latter.

On the whole it may be said that there has been no abnormal snowfall and the present covering of snow is undoubtedly of less than the usual thickness.

### *India.*

7. Air pressure in India during July averaged .021" below normal. The deficiency was greatest along the northwest frontier and in northeast Burma, and least in a belt extending from Gujarat and the Konkan to Mysore and the north Madras coast.

*Inferences from the data.*

8. The factors which, as far as is now known, have the most important favourable influence on the monsoon rainfall of June to September are:—

- (1) high pressure in the Argentine and Chili from April onwards;
- (2) low pressure in the Indian Ocean from May onwards;
- (3) low pressure in India from June onwards;
- (4) an abnormally small area covered with snow in the northwest mountain regions from June onwards;
- (5) a deficient rainfall in May at Zanzibar, Seychelles and the south of Ceylon; and
- (6) an absence of calms and variable or northerly winds in the equatorial region from May onwards.

Of these (1) and (2) were decidedly favourable at the time of the June forecast, (4) was probably favourable, and (5) was unfavourable at Zanzibar but favourable at Seychelles and in south Ceylon. Regarding (6) there was only a slightly unfavourable tendency.

The general outcome in the rainfall of India and the height of the Blue Nile during the early part of the flood season (when its behaviour is closest similar to that of the Arabian Sea) has been in accordance with this analysis. During July (1), (2), (3) and (4) were emphatically favourable and the only disquieting symptom has been the occurrence of variable winds, with which breaks in the rains are generally associated. The impression left by past experience is that the number of occasions on which variable winds have been reported is not large enough to outweigh the favourable pressure distribution, and that the rainfall of the next two months will be in excess.

9. Let us consider now the geographical distribution of rain. The total fall of August and September of each of the 34 sub-divisions has recently been correlated with the July pressure in India of sixteen pressure areas, and at Mauritius. The results this year are not strongly marked. They are slightly favourable for the United Provinces West, and the Punjab East and North.

*Summary.*

10. (a) The total rainfall of August and September is likely to be in excess.

(b) The indications regarding the geographical distribution are not sufficiently strongly developed to be reliable. They merely suggest that the United Provinces West and neighbouring districts may fare better than the rest of India in the ratio of the actual to the normal rainfall.

### GAZETTE OF INDIA.

#### NOTICE.

The 17th March 1917.

On and after 31st March and until further notice, Parts I, IV, V and VI of the *Gazette of India* and the Weather and Crop Report will be published in Simla. Parts II and III will continue to be published in Calcutta. All notifications and other matter intended for publication in those Parts should be addressed to the Publisher at Simla and Calcutta, respectively.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette* and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 p.m. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,  
Secretary to the Government of India."

## NOTICES.

### THE PATENT OFFICE, 1, COUNCIL HOUSE STREET, CALCUTTA.

Public room, open 11 a.m. to 4 p.m.; Saturdays, 11 a.m. to 1 p.m.

1. *All communications* relating to applications for patents and for registration of designs under the Indian Patents and Designs Act (II of 1911), or in continuation of applications under the Inventions and Designs Act (V of 1888) should be addressed to the Controller of Patents and Designs, 1, Council House Street, Calcutta. Documents sent by post should be carefully packed.

2. *Directions* for the guidance of inventors and others are given in the Patent Office Handbook (price one rupee) which contains the Indian Patents and Designs Act, 1911; the Indian Patents and Designs Rules, 1912, the Indian Patents and Designs (Temporary Rules) Act, 1915, the Indian Patents and Designs (Temporary) Rules, 1915, together with current regulations and instructions. These should be consulted before an application is made to the Controller.

3. *Advice.* The Patent Office cannot undertake (1) to give opinions on the interpretation of Patent Law, or on the advisability of protecting inventions and designs or on their infringement; (2) to make searches in respect of information available in the public room; (3) to recommend any particular agent; or (4) to assist in the disposal of inventions. Applicants are warned that the Indian Patents and Designs Act, 1911, is in force in British India only, and patents granted under it do not extend to the United Kingdom or any of the British possessions. The International Convention for the Protection of Industrial Property does not include India. For information regarding patents in countries other than India applications should be made to the patent offices in the countries concerned.

4. *Fees* are payable in *cash* and must be received in the Patent Office within the time allowed by the Acts. When cheques are offered in payment of fees, it must be clearly understood that the office cannot hold itself responsible for any delay that may occur in the collection of cash on the cheques; any cheque not payable in Calcutta is subject to commission. In cases where it is not possible to have the fees handed in at the Patent Office, it is preferable to send them by money-order or postal order payable at Calcutta to the Controller of Patents and Designs, and to advise him that they have been so sent. Stamps will not be received in payment of fees.

5. *Trade and property marks and names* are not registered and *medicines* are not patented under the Indian Patents and Designs Act. There is no provision of Law in British India for their registration. Neither does this Act deal with *pictures, photographs, etc.*, for which copyright is obtainable under the Indian Copyright Act, 1914.

6. *Printed Specifications* of applications, which have been accepted, are published within about three weeks after acceptance has been notified in the *Gazette of India*. These specifications can be purchased at the Patent Office at a uniform price of 8 annas per copy; and may be seen free of charge, together with other publications of the Patent Office, at the following places:—

**GOVERNMENT OF BENGAL, REVENUE DEPARTMENT.****Land Acquisition Branch.****NOTIFICATION.**

The 7th August 1917.

**No. 5775-L.A.**—The following agreement made under Section 41 of the Land Acquisition Act, I of 1894, is published for general information.

Stamp annas eight.
-----------------------

*Articles of Agreement* made this fourth day of April One thousand nine hundred and seventeen *Between* The Bank of Bengal duly incorporated under the Presidency Banks Act 1876 and having its Head Office at Strand Road in Calcutta with a Branch Office at Chandpur and other places (hereinafter called "the Bank") of the one part and *The Secretary of State for India in Council* hereinafter called "the Secretary of State" of the other part, *Whereas* the Bank has applied to the Government of Bengal to acquire on behalf of the Bank under the provisions of the Land Acquisition Act No. I of 1894 of the Governor General of India in Council (hereinafter referred to as "the said Act") the land described and delineated in the Schedule and Plan \* hereto annexed and situate and being at Chandpur in the District of Tippera within the Registration District of Tippera Sub-District Chandpur and Thannah Chandpur for the construction of a Pay Office of the Bank for the convenience of Merchants and Traders there *And Whereas* the Government of Bengal being satisfied by an enquiry held under its order pursuant to Section 40 of the said Act that the said acquisition is needed for the purposes of the said Pay Office and will prove useful to the public has consented to the said acquisition pursuant to the provisions of the said Act and has required the Bank under Section 41 of the said Act to enter into the Agreement hereinafter contained *Now These Presents Witness* that it is hereby agreed and declared as follows :—

1. The Bank shall and will pay and reimburse to Government within such time as may be fixed and notified to the Bank by the Collector the entire cost of acquiring the said land in accordance with the provisions of the said Act including all compensation damages and expenses which may have been or may be paid or incurred in respect of or on account of such acquisition and all law costs which have been or may be incurred by Government upon or in respect of or incidental to the said acquisition including the costs and expenses of any litigation arising thereout either in the Original or Appellate Courts and also a reasonable proportion of the cost of the establishment and of the salary of the Officer or Officers of Government employed or to be employed by Government in connection with or for the purposes of such acquisition.

2. Upon such payment by the Bank the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for effectually vesting the said land in the Bank subject to the conditions hereinafter contained.

3. The Bank shall construct upon the said land a permanent building on the said plot of land for such Pay Office as aforesaid and the Bank shall use the said land and the building thereon for the purpose of a Pay Office in connection with the Bank's business at Chandpur and in the District of Chittagong and shall not assign transfer or part with the possession thereof or of any part thereof without the previous consent in writing of the Secretary of State or his Officer duly authorised in that behalf first had or obtained.

4. That the said Building shall be completed and fit for use within one year from the date when the said land and premises are transferred to the Bank and that the Bank so long as it shall use the said building to be so erected as aforesaid as such Pay Office shall be bound to maintain and keep the same in proper repair and condition.

5. That the public subject to the provisions of the Act and Bye Laws for the time being regulating the Bank and the rules framed and to be framed by the Bank from time to time shall be entitled to the use of the said land and the said building for the purpose of availing themselves of the use of the said Pay Office in the ordinary course of business.

6. The Bank shall at any time permit the Local Government or any Officer deputed by the Government in that behalf to inspect the said building whether in the course of construction or otherwise and shall furnish to the Local Government on demand a correct statement of the money expended by the Bank in the construction of the said building upon the said land.

\* Not printed and published herewith but may be inspected in the office of the Collector of Tippera.

7. In case the Bank shall not erect upon the said land the building referred to in clause 3 hereof within the period mentioned in Clause 4 then it shall be lawful for the Local Government at any time within six calendar months after the expiry of the said period to enter upon and to take possession of the said land or any part thereof and the said land shall *ipso facto* vest in the Secretary of State upon the following terms :—

- (1) The Secretary of State shall forthwith pay to Bank a sum equal to the amount of compensation awarded under the provisions of the Land Acquisition Act and paid by the Bank for such acquisition including the amount awarded under Section 28 (2) of the said Act.
- (2) The Bank shall be at liberty within 12 calendar months after the said land shall have become so vested in the Secretary of State or within such time as the Local Government shall consider reasonable and shall prescribe to enter upon the said land and pull down remove and carry away all or any buildings erections and other property belonging to the Bank and standing and being upon the said land at the cost of the Bank provided that any property of the Bank which may remain on the said land after the expiry of the said period may be sold by the Local Government either by public auction or otherwise as the Local Government shall think fit and the proceeds of such sale after deduction of the expenses of and incidental to the sale shall be paid by the Local Government to the Bank.

8. If at any time or times any part or parts of the said land not directly utilised by the Bank for the purposes of the said Pay Office of the Bank as aforesaid shall be considered necessary to be possessed by the Government for the revenue administration or for the purposes of the public safety health or necessity (of which the Local Government shall be the sole Judge) the Bank shall transfer the said part or parts of the land to the Secretary of State; and the Secretary of State shall pay to the Bank a sum equal to the amount of compensation awarded for the said part or parts of land upon the acquisition thereof for the Bank including the amount awarded in respect of the same under Section 23 (2) of the said Act.

*The Schedule above referred to.*

*Simla, the 15th August, 1917.*

**RESOLUTION**—By the Government of India, Department of Commerce and Industry.

The Finance Department Resolution No. 361-E.A., dated the 24th July 1916, dealt with the financial powers of Provincial Governments. The position of the authorities subordinate to the Departments of the Government of India has now been examined, and the Government of India are pleased, with the approval of His Majesty's Secretary of State for India, to issue in the annexure to this Resolution, fundamental rules regarding the financial powers of the Director General of Posts and Telegraphs and the authorities subordinate to him. The actual powers to be exercised by the Director General of Posts and Telegraphs and his subordinate authorities will be issued hereafter in the form of a comprehensive schedule.

**ORDERED** that this Resolution be communicated to the Finance Department, to the Director General of Posts and Telegraphs, and to the Accountant General of Posts and Telegraphs.

**ORDERED** also that the Resolution be published in the *Gazette of India*.

## ANNEXURE TO RESOLUTION.

## FINANCIAL POWERS OF THE DIRECTOR-GENERAL OF POSTS AND TELEGRAPHS.

## I.—General.

1. The Director-General may sanction (1) expenditure from general revenues, or (2) advances of public money, only in cases where he is authorised to do so by these rules, or by—

- (a) The provisions of any Act of the Legislature or of rules framed under such an Act; or
- (b) Any rule in the Civil Service Regulations, the Civil Account Code or any other code issued by, or with the approval of, the Government of India; or
- (c) Any order of a competent superior authority delegating to him financial powers with reference to the provisions of a statute, or to rules approved by, or an order of, the Secretary of State; or
- (d) Any order of a competent superior authority laying down a scale, or a maximum scale, of expenditure.

## II.—Fixed Establishment Charges.

2. The Director-General may sanction the creation or abolition of permanent appointments, the raising or reduction of the pay and allowances of sanctioned permanent appointments or of officers, and the revision of permanent establishments, subject to the following conditions and to the provisions of Rule 4:—

- (1) No appointment may be created or abolished which would ordinarily be held by a gazetted civil officer recruited in England, or by an officer of an Imperial Service as defined in Article 29-B. Civil Service Regulations, and the pay and allowances of such an appointment or officer may not be raised or reduced.
- (2) No appointment may be created or abolished the pay and allowances of which exceed Rs. 300 a month; no reduction may be made in the pay and allowances of an appointment or of an officer in cases where they exceed Rs. 300 a month; nor may any addition be made to the pay and allowances of an existing appointment or of an officer, if it will have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 300 a month or of increasing pay and allowances the total of which is already in excess of that amount.
- (3) No revision of permanent establishments may be sanctioned the cost of which exceeds Rs. 50,000 a year.
- (4) No class or grade of officers may be created or abolished the pay and allowances of which exceed Rs. 100 a month; nor may any alteration be made in the rates of pay and allowances prescribed by a higher authority for any class or grade of officers.

3. The Director-General may sanction contract allowances for the carriage of mails up to a limit of Rs. 25,000 a year in each case and subject to the provisions of Rule 4.

4. The extra expenditure on fixed establishment charges resulting from sanctions accorded by the Director-General under Rules 2 and 3, together with those accorded by a subordinate authority under the rules applicable to it, shall not exceed Rs. 6 lakhs in the first year and Rs. 12 lakhs in the following year.

## III.—Temporary and Experimental Establishment charges.

5. The Director-General may sanction temporary (including monsoon) and experimental establishment charges, subject to the provisions of clause (2) of Rule 2 and of Rule 3. The limits in Rule 4 will not apply to sanctions accorded under this rule.

6. The Director-General may sanction the deputation of officers in India on special duty—

- (a) For any specified period if the pay and allowances of the officer do not exceed Rs. 300 a month.
- (b) For not more than six months if the pay and allowances of the officer exceed Rs. 300 a month but do not exceed Rs. 1,500 a month.

The grant of deputation allowances in such cases shall be regulated strictly by the provisions of Article 81, Civil Service Regulations, and any general orders issued from time to time by the Government of India.

*IV.—Contingent charges and purchase of articles for the public service.*

7. The Director-General may sanction contingent charges (see chapter 6 of the Civil Account Code) and expenditure on the supply of articles for the public service subject to the provisions of any authorised code and of any orders issued by the Government of India from time to time.

**NOTE.**—The Director-General may treat the pay of sweepers, whether they are whole-time servants or otherwise, as a recurring contingent charge, and may adopt a similar course in the case of such other classes of menials, e.g., cooks, syces, grass-cutters, etc., as he may from time to time declare to be ineligible for pension. Rules 2 and 5 of these rules will not apply to such establishments.

*V.—Other expenditure.*

8. The Director-General may sanction—

- (1) Estimates for construction of telegraph lines chargeable to capital up to Rs. 50,000 for each work.
- (2) Estimates for the reconstruction of telegraph lines chargeable wholly or partly to capital provided that the amount chargeable to capital does not exceed Rs. 50,000 for each work.
- (3) Supplementary or revised estimates for the construction or reconstruction of telegraph lines, the original estimates for which have been sanctioned by the Government of India up to a limit of ten per cent. in excess of the original estimates, provided that the excess is not more than Rs. 50,000 in any case.
- (4) Estimates for repairs to existing telegraph lines and for reconstruction chargeable wholly to revenue.
- (5) The laying out and maintenance of gardens in connection with telegraph buildings when public considerations require it, up to a limit of Rs. 9,000 a year.
- (6) Expenditure on the renting of telegraph lines, wires and cables up to a limit of Rs. 2,000 a year in each case.

9. The Director-General may sanction the sale of unserviceable and obsolete stores, provided that if such sale results in a loss of over Rs. 20,000 a report should be made to the Government of India.

10. The Director-General may sanction the writing off of losses of cash, stores and stamps due to robbery, accident, etc., up to a limit of Rs. 5,000 in each case.

11. The Director-General may incur expenditure on account of donations for members of the signalling, ministerial and other subordinate establishments, other than postal servants, up to such annual limit, not exceeding Rs. 10,000, as the Government of India may fix from time to time.

12. The Director-General may sanction (a) recurring expenditure not exceeding Rs. 200 a year, or (b) non-recurring expenditure not exceeding Rs. 1,000, in any individual case, on any object for which no scale or limit to his power of sanction is prescribed in these rules, or in the Civil Service Regulations and other authorised codes, provided that the sanction does not involve an express contravention of an existing rule or order of the Government of India, and that the expenditure is within the power of sanction of the Government of India.

**NOTE.**—The Director-General's power of waiving recovery of items of revenue which accrue to the Department under the operation of standing rules is subject to the limitations prescribed in this rule, except in cases where it is regulated by statutory rules or by authorised codes.

13. The Director-General may, in individual cases and for special reasons which should be communicated to the Audit Officer:—

- (i) Grant an officiating officer a higher salary than is authorised by the codes, subject to a maximum limit of Rs. 100 a month and subject to the condition that his salary must not exceed the pay of the officer for whom he acts.
- (ii) Relax the conditions or limitations prescribed by any rule in any authorised code, without contravening its general spirit, so as to grant an officer travelling allowance not exceeding Rs. 500 in any case in cases where no travelling allowance is admissible under a strict interpretation of the rule.

- (iii) In case not coming under (i) and (ii), relax the conditions or limitations prescribed by any rule in an authorised Code or by an order of the Government of India without contravening its general spirit, subject to the condition that the total amount payable under the sanction does not exceed Rs. 500 in any case.

NOTE.—All sanctions given under this rule must be subject to the condition that the expenditure is within the power of the Government of India to sanction and does not require a reference to the Secretary of State. Each such sanction must, moreover, quote the appropriate provision of the present rule for the information of the Audit Officer concerned.

#### VI.—*Re-appropriation of Budget Grants.*

14. (1) The powers of sanction of the Director-General are subject to the general condition that any extra expenditure involved thereby must be met from the provision made in the budget for the purpose or by re-appropriation under clause (2) of this Rule.

(2) The Director-General may sanction re-appropriation or savings in sanctioned grants subject to any restrictions that may be imposed by the Government of India from time to time and to the condition that the total grant placed at his disposal for the expenditure of the Department is not exceeded.

#### FINANCIAL POWERS OF AUTHORITIES SUBORDINATE TO THE DIRECTOR-GENERAL OF POSTS AND TELEGRAPHS.

##### I.—*General.*

1. An authority subordinate to the Director-General may sanction (1) expenditure from General revenues or (2) advances of public money, only in cases where it is authorised to do so by these rules, or by :—

- (a) The provisions of any Act of the Legislature or of rules framed under such an Act.
- (b) Any rule in the Civil Service Regulations, the Civil Account Code or any other code issued by, or with the approval of, the Government of India.
- (c) Any order of a competent superior authority delegating to it financial powers with reference to the provisions of a statute, or to rules approved by, or an order of, the Secretary of State.
- (d) Any order of a competent superior authority laying down a scale or a maximum scale of expenditure.

##### II.—*Fixed Establishment Charges.*

2. The Government of India may delegate to an authority subordinate to the Director-General the power to sanction (a) the creation and abolition of permanent appointments, (b) the raising or reduction of the pay and allowances of sanctioned permanent appointments or of officers, and (c) the revision of permanent establishments, subject to the following fundamental conditions :—

- (1) No appointment may be created or abolished the pay and allowances of which exceed Rs. 50 a month ; no reduction may be made in the pay and allowances of an appointment or of an officer in cases where they exceed Rs. 50 a month ; nor may any addition be made to the pay and allowances of an existing appointment or of an officer if it will have the effect of raising the total pay and allowances of the appointment or officer to an amount in excess of Rs. 50 a month or of increasing pay and allowances the total of which is already in excess of that amount.
- (2) The pay and allowances of any appointment created shall not exceed the prescribed rates in cases where such rates have been definitely laid down by a higher authority for any particular class of appointments.
- (3) No scheme may be sanctioned costing more than Rs. 5,000 a year.

3. The Government of India may delegate to an authority subordinate to the Director-General the power to sanction contract allowances for the carriage of mails up to a limit of Rs. 100 a month in each case.

##### III.—*Temporary and Experimental Establishment charges.*

4. The Government of India may delegate to an authority subordinate to the Director-General power to sanction temporary (including monsoon) and experimental establishment charges subject to the provisions of clause (1) of Rule 2 and of Rule 3.

5. The Government of India may delegate to an authority subordinate to the Director-General the power to sanction the deputation in India on special duty of any officer under the control of such subordinate authority—

- (a) For any specified period if the pay and allowances of the officer do not exceed Rs. 50 a month.
- (b) For not more than six months if the pay and allowances of the officer exceed Rs. 50 a month but do not exceed Rs. 100 a month.

The grant of deputation allowance to an officer deputed to special duty shall be regulated strictly by the provisions of Article 81 of the Civil Service Regulations and any general orders issued from time to time by the Government of India.

#### IV.—Contingent charges and purchase of articles for the public service.

6. An authority subordinate to the Director-General may sanction contingent charges (see Chapter 6 of the Civil Account Code) and expenditure on the supply of articles for the public service, subject to the provisions of any authorised code and of any orders issued by the Government of India from time to time.

NOTE.—The Government of India may delegate to an authority subordinate to the Director-General the power referred to in the note to Rule 7 of the fundamental rules governing the financial powers of the Director-General.

#### V.—Other expenditure.

7. The Government of India may delegate to an authority subordinate to the Director-General power to sanction (a) recurring expenditure not exceeding Rs. 200 a year, or (b) non-recurring expenditure not exceeding Rs. 1,000 in any individual case, on any object for which no scale or limit to the latter's power of sanction is prescribed in these rules or in the Civil Service Regulations and other authorised codes; provided that the sanction does not involve an express contravention of an existing rule or order of the Government of India, and that the expenditure is within the power of sanction of the Director-General.

#### VI.—Re-appropriation of Budget grants.

8. (1) The powers of sanction of an authority subordinate to the Director-General are subject to the general condition that any expenditure sanctioned by it must be met from grants placed at its disposal to meet the particular class of expenditure, or by re-appropriation under clause (2) of this rule.

(2) The Government of India may delegate to any such subordinate authority power to sanction re-appropriation of savings in the sanctioned grants under the control of such authority, subject to the following fundamental limitations :—

- (1) The total of the grants under its control shall not be exceeded.
- (2) Savings under salaries shall not be re-appropriated to other classes of expenditure.
- (3) Savings on non-recurring expenditure under Supplies and Services, Contingencies and other heads shall not be re-appropriated in order to provide for additional recurring expenditure under Salaries, Establishment or on any other account.
